

# Wolf River Lutheran High School Silver Eagle Flyer

May 7, 2025

Endure: Hebrews 12:1-3

Therefore, since we are surrounded by so great a cloud of witnesses, let us also lay aside every weight, and sin which clings so closely, and let us run with endurance the race that is set before us, looking to Jesus, the founder and perfecter of our faith, who for the joy that was set before him endured the cross, despising the shame, and is seated at the right hand of the throne of God. Consider him who endured from sinners such hostility against himself, so that you may not grow weary or fainthearted.

On Thursday, May 1st, Mrs Reichle took her painting and printmaking class to the Trout Museum of Art in Appleton. We looked at art, talked about art, and admired the painted walls in the bathrooms. There were a huge variety of art mediums and styles to see: woodcuts, sculpture, fiber arts, painting, glassware, even some conceptual art and avant garde filmmaking. After browsing the art in the museum, we drove through the heavy rain to The Fire, a pottery and glass shop, where we made art by glazing pottery pieces and making fused glass pendants. It was a very enjoyable time despite all the rain!

This week, in Mrs Reichle's Biology class, we've been wrapping up the year with rat dissections! It's been understandably challenging to work with a rat specimen in this way, but when we get through the icky part, it's exciting and fascinating to see the inner workings of one of God's creatures! There are many similarities, and to see with your own eyes all the systems and organs in their places which we have only seen diagrams of so far really has enriched our experience of learning about the human body. It's always an exciting, interesting and slightly stomach turning experience for everyone!
