In remembrance of 9/11 students lowered our American flag.

Greeting Families and Supporters,

As Christians we strive to show others that we walk in the Lord. Sometimes our actions or words are not those that should be done or said, for it is so easy to allow our words and actions to not be Christian. We all face temptation, but it is so important to live a life of Christ. As a school, we all, the teachers, staff, and students come from different cultures and backgrounds. What one person or group feels are acceptable, might not be acceptable to another. At Wolf River, we do not accept swearing, even the most simple swear words, jokes that might be sexist or racist, or belittling of another due to dress, stature, or looks. We work to help students grow as Christians, to accept each other as the Lord has made them. Please help us as we work to eliminate swearing, and be more kind to each other. May you have a wonderful week in the Lord!

Blessings, Mrs. Kosmerchock

VERSE FOR TODAY: Unity and harmony are no accident! They happen because of intention and submission. But more than just states of being, they are commanded by God. How do we have unity and harmony? Peter reminds we must have three commitments in our "church" lifestyle — 1) actively share the sorrows and concerns of those who grieve; 2) love each other just like a healthy family loves and values each member; and 3) show compassion rather than arrogance as we deal with the failures of others that hurt us, recognizing that we are vulnerable to sinning and hurting those we love, too.
