

I am safe going out in
the car

First, I get on my outside clothes. Let's get ready!

When we are outside, I hold
hands. Let's stay safe!

When the car door opens, I get
into my car seat.

I stay in my car seat. I can
listen to music and look out
the window. Let's go!

It's important to be calm and quiet in the car. I keep my hands beside my body.

I can help us have a good car
ride by using my quiet voice. I
talk softly!

When we get there, I wait in
my car seat until my seat belt
is undone. I am waiting!

I get down from my seat and
hold hands. There are so many
cars around!

Staying quiet and safe in the car means I get to go to fun places! Let's play!
