

I'm Going on a Plane!

First, Mom and Dad help me
pack my bag.

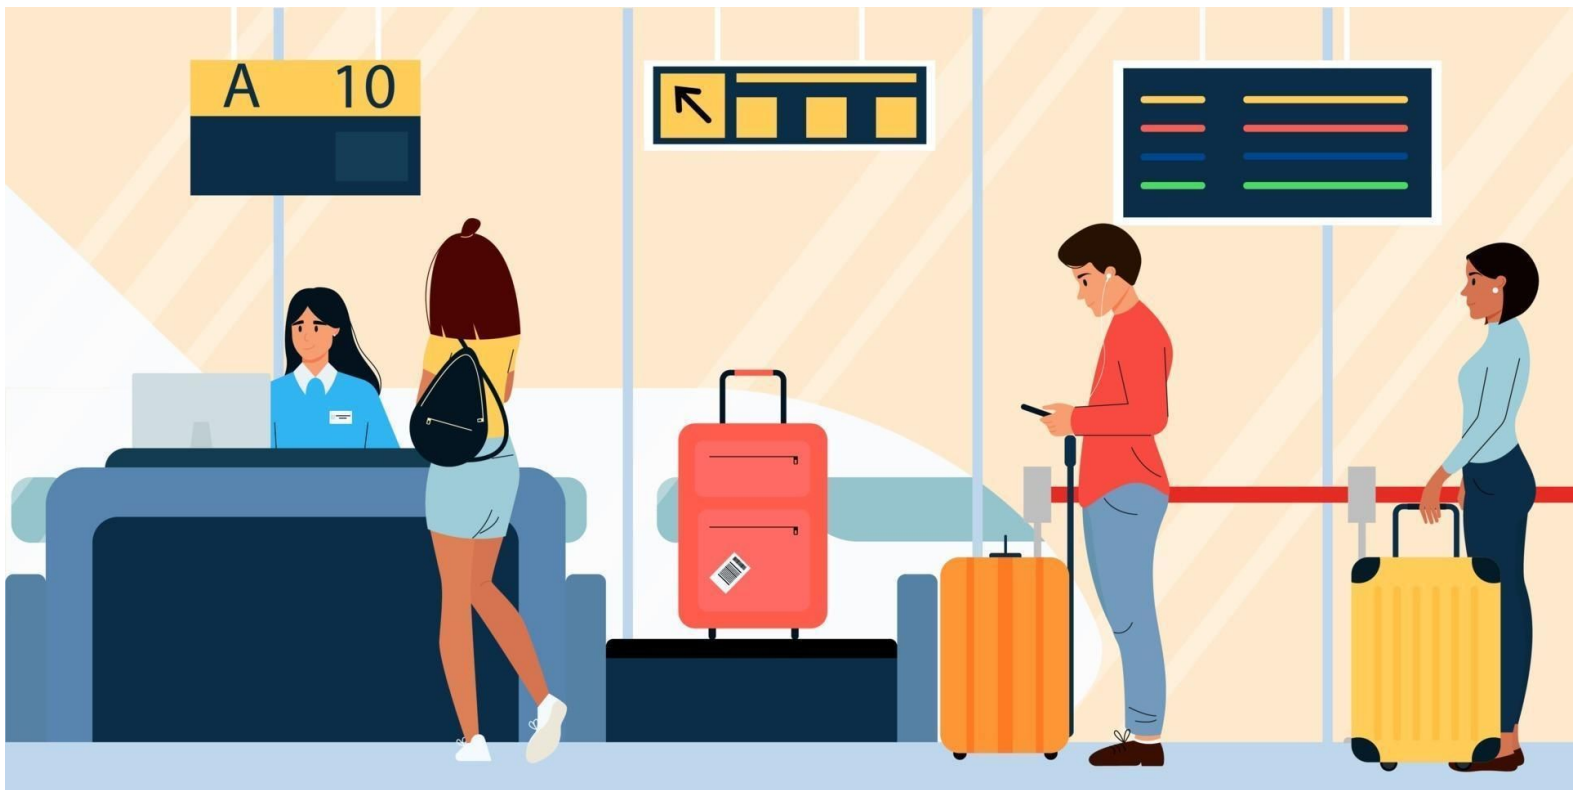

It's hard to decide which
stuffies I want to take! I will
pick 2 for my bag.

I always hold hands walking in
the airport. And I keep my
hands to myself.

We will go through the customs line and talk to an officer about our trip.

Sometimes the officer asks A LOT of questions and it takes a long time. I can wait with Mom and Dad.

I put my bag in the bin and it goes through a special x-ray machine on a moving belt. I walk beside it.

There are lots of police officers at the airport. I know to stay with Mom and Dad and keep my hands to myself.

It's very important that I not touch other people's bags. I only touch my own bag.

Sometimes there is a lot of waiting. I stay with Mom and Dad always.

The airport is so big! I stay
close to Mom and Dad

When we get on the airplane, I
get my own seat with my own
seatbelt

The plane takes off and flies
for a while before landing. I
can look out the window!

After the plane lands, we go to another airport! I stay with Mom and Dad and I keep my hands to myself.

When it's time to go in the car,
I stay beside Mom or Dad until
I am buckled in. Let's stay safe!
