TYPHOON FARMA, INC. (Zone A)  
c/o Alex Buscher, Esq.

Re: 2022 Compliant Sample Result(s) for TYPHOON FARMA, INC. (Zone A), Hemp  
Registration No. 104145  
To Alex Buscher, Esq.:

This letter pertains to the 3 hemp sample(s) that the Colorado Department of Agriculture (“Department”) or Authorized Sampler collected on Wednesday, September 7, 2022, for registration number 104145, for lots:

Lot #	THC (without Measure of Uncertainty applied)
Planting Report #:7229	0.32
Planting Report #:7437	0.14
Planting Report #:7439	0.32

Please see the attached 3 document(s) titled “Final Report” which show(s) the compliant sample result(s). If an Authorized Sampler collected your sample(s) the lab that analyzed the sample(s) will email you the Certificate of Analysis (“COA”).

The Department has considered all variables and has determined that TYPHOON FARMA, INC. (Zone A)’s total THC sample result(s) is in compliance with the Colorado Industrial Hemp Regulatory Program Act, §§ 35-61-101, et seq., C.R.S. and its corresponding Rules Pertaining to the Administration and Enforcement of the Industrial Hemp Regulatory Program Act, 8 CCR 1203-23.

NOTE: The Final Report(s) or COA is only good for a sample(s) collected within 30 days of harvest. If you intend to harvest more than 30 days after the sample(s) was collected, then the Final Report(s) or COA(s) is null and void. You may also need to amend your harvest date. Therefore, you will need to have a sample(s) collected again, BEFORE you harvest. Please contact the inspector or the Authorized Sampler to schedule an appointment. Additionally, this compliance letter may not include all of the lots of samples collected on the above date.
