BIOGRAPHY

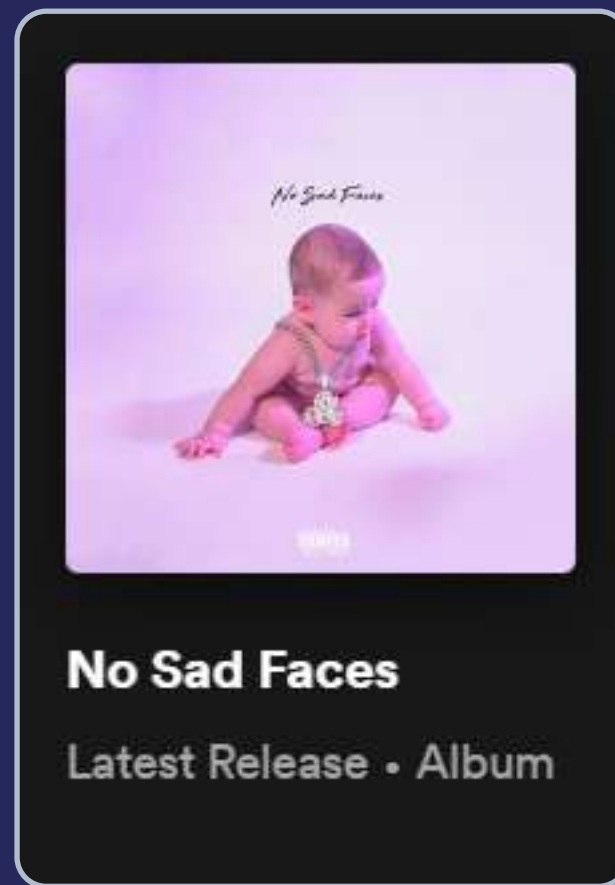

Ky Richy is a multi-instrumentalist musician who writes and records his own music, collaborating with a team of highly talented individuals, alongside his manager and acting booking agent Conrad Cosby and audio engineer Pete Rodriguez. Richy loves to experiment with Indie, Hip Hop, R&B, and Pop-Rock music and has many artistic talents such as designing graphics and visuals.

Born and raised in the Bay Area CA, Richy not only wants to entertain people, but he also would like to help them be the best version of themselves. The artist has big plans for the future where he intends to launch his Studios4Students charity project, giving back to the community he grew up in. He aims to start by assisting the children of Sacramento and then continue to expand around the state and the nation.

Showcasing his versatility, Richy has released *Pink Cloud* in 2018, *Switchblades and Roses* in 2019, and *Summer Nights After Quarantine* in 2020. He then took a short break in 2021, when he became a father, devoting himself to his family. In 2022 *No Sad Faces* came out, comprising 10 tracks, among which are “Got Me,” “On the Clock,” and “Pressure.”

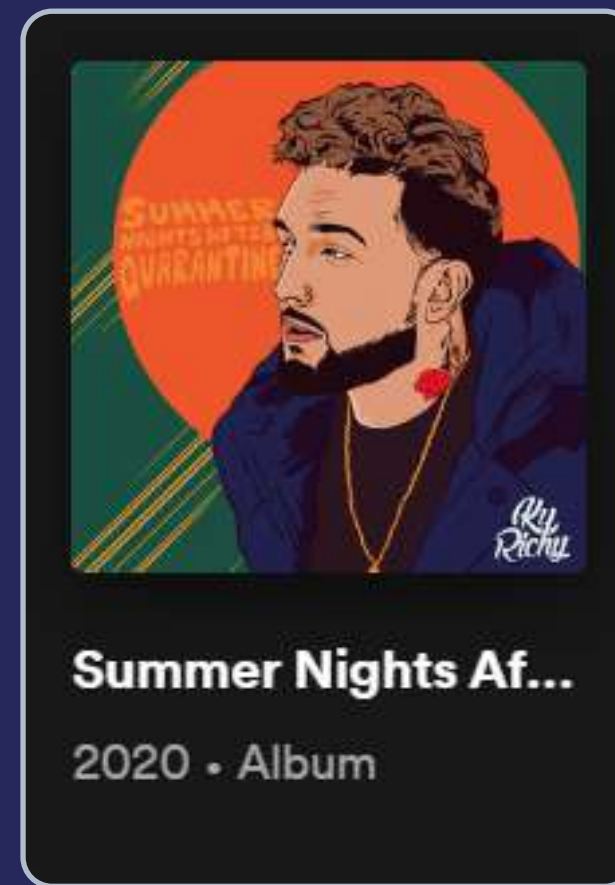

Ky Richy kicked off the *No Sad Faces* album tour on June 10, 2022. He toured around 13 cities in the US promoting his recent record, including acclaimed songs like “Crypto,” “Slumped,” “Change,” ft. Jay Delaine, “Slumped,” “Confused,” ft. James Duer, and “Feeling My Vibe” with BLXST, which garnered millions of views and streams and hit the Shazam Top 50 chart in California and the Bahamas.
