To Whom it May Concern,

Intercollegiate Horse Show Association sanctioned competitions are starting back up this fall, and the Texas A&M IHSA Equestrian Team cannot wait to get back into the show ring!

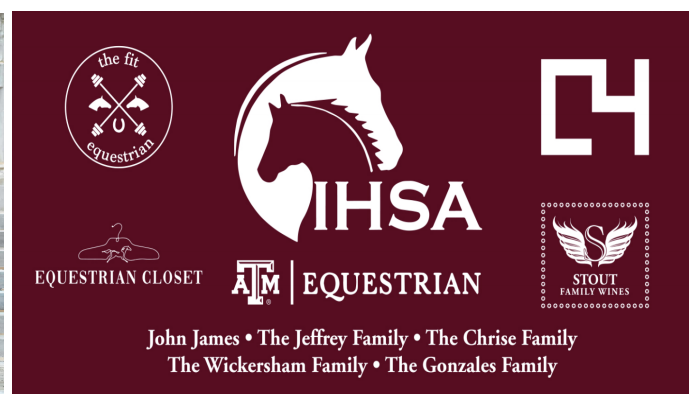

On behalf of the Texas A&M IHSA Equestrian Team, we would like to invite you to partner with our team and become a Corporate or Community Sponsor for the 2021-2022 season. Our team recognizes that our growth and success would not be possible without the continued support of sponsors. The IHSA prides itself on being an all-inclusive organization that provides the opportunity for university students, regardless of riding level or financial status, to develop their skills as equestrian athletes. Your sponsorship makes it more accessible for undergraduate students to become immersed in this Hunter/Jumper sport.

By creating a strong sense of teamwork and building expertise of good horsemanship, our team is becoming stronger than ever. Our ambitions for this season include adding more athletes to our team, attending as many competitions as possible, and connecting with individuals in the equestrian community and beyond. We hope to become stronger within the Aggie network, and truly showcase our sportsmanship both in the show ring and out.

On behalf of the Texas A&M IHSA Team, we thank you for taking the time to read this letter and consider becoming our newest Sponsor for the upcoming season. Your generous contributions are essential to our team and we look forward to establishing a mutually beneficial partnership. Please see the attached list of sponsorship levels and how our team can return the favor to you and/or your company. Donations made through the university are tax deductible, and all donations are appreciated - none are too small! Simply complete the interest form on the last page and return it at your earliest convenience.

If you have any questions or concerns, please contact Ashleigh Jooste at aggieihsa@gmail.com. We look forward to hearing from you!

Thanks and Gig 'Em,
Ashleigh Jooste
Sponsorship Officer
