DR60RF-WH/BK/SN

Job Information		
Project Name		Type
Location		
Quantity		Date
Contact/ Name		
Notes		

Body
• Durable airtight aluminum
• White polycarbonate diffuser lens for low glare

LED Characteristics
• 15-Watt LED Module
• Minimal heat emission
• Up to 1,000 Lumens
• Superior LED Performance and lifespan
• Excellent Color rendering with Spotlight
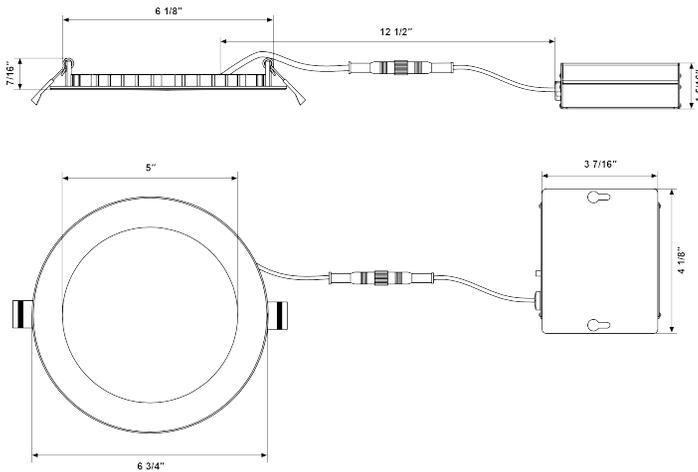

Dimming
• 10%-100% dimming capability
• Compatible with industry TRIAC/ELV dimmers
(contact factory for listing of compatible dimmers)

Environment
• Suitable for damp locations
• Suitable for insulated ceiling application
• Can be installed indoor and for outdoor applications

Mounting
• Included two spring loaded cilps to attach to any ceilling material
• The slim profile allows to be mounted under joists or dock work

Description
• DR60RF, a 15 watt 6-inch All CCT slim profile round flat LED panel is a high-performance, easy to install downlight. It offers excellent light output, energy efficiency and steamlined design. Suitable for damp location and use in soffits.

Beam Spread
• 110 degree beam spread

LED Driver
• Extruded aluminum junction box with integrated 210mA dimmable driver included
• Class II electronic LED driver with 100-125V AC input;
• includeds an 12" cable from driver to fixture

Quick Connect Push-in Terminals
• Three "Quick Connect" Push-in terminals for fast and easy wiring

Operating Temperature
• -20℃ - 40℃ (-4°F - 104°F)

SPECIFICATION			
Application	Ceiling Recess Mount	Energy Star	YES
Approved Location	Damp	Input	100-125V AC, 60Hz, 0.09A
Beam Angle	110	LM 79	YES
CTT	3000K, 4000K, 5000K in one	LM 80	YES
Certification	cETLus	Lumens	1,000
Class II	YES	Lumens per Watt	66.67
Color	White/Black/Brushed Nickel	Power Factor	>0.95
CRI	80+	Projected Life	5 Years
Dimming	YES	Wattage	15 Watt
Dimming Tech	TRIAC/ELV	Cut-Size	6 1/8"
