Teacher: 6 to 10-year-old Group

Little Tree Huggers Education Hub | Long Melford

We're looking for a warm, creative and inspiring Teacher to join our Hygge-Waldorf inspired Education Hub, working with children 6/7- 10 years of age.

Our approach is holistic, creative and child-centred, allowing children to learn at an individual pace through a thoughtful balance of academic learning, creativity, nature, movement and practical experiences.

The Role

You'll plan and lead engaging, developmentally appropriate learning for our 6-10 year olds, inspired by our Head Heart Hands approach.

Learning will include literacy, numeracy and wider curriculum experiences, thoughtfully woven together with storytelling, art, nature, music, movement, handwork and practical projects.

You'll help create a calm and inspiring environment where children feel confident to explore, question, create and develop a genuine love of learning.

We're looking for someone who:

- Has a relevant teaching or education qualification
- Has experience teaching children within the primary age range
- Is warm, patient, creative and enthusiastic
- Can confidently plan and lead literacy and numeracy learning
- Values creativity, nature and experiential learning
- Recognises and supports children's individual learning styles and pace
- Enjoys bringing subjects to life through stories, projects and hands-on experiences
- Works positively both independently and as part of a small team
- Has an interest in Waldorf-Steiner, holistic or alternative education

Previous Waldorf experience is welcomed but not essential – an openness to our ethos and a desire to offer children a meaningful alternative to conventional classroom learning are most important.

Working Hours

Part-time | 3 days per week | 9:00am-3:30pm | Term-time or All year round

Start Date

January 2027

About Us

Little Tree Huggers is a nurturing Hygge-Waldorf inspired Education Hub in Long Melford, offering children an alternative, unhurried and holistic approach to education through Head Heart Hands.

We're looking for someone who believes education can be purposeful without being pressured, structured without being rigid, and filled with creativity, curiosity and connection.

If this sounds like the kind of education you would love to be part of, we'd love to hear from you.
