

HEAVENLY HIGHLIGHTS

Kelly Walter

About Us

- Heavenly Highlights is a Christian business endeavor seeking to help others navigate the tedious process of athletic recruitment.
- Owner Kelly Walter has created her own highlight reels using footage her parents captured of her playing through high school, club and college volleyball. She used the highlight reels she created to send to college coaches to generate attention and secure an athletic scholarship to play volleyball at NCAA D2 and GLIAC conference school - Lake Superior State University.
- Having been through the complicated recruiting process - Kelly seeks to provide insight and help athletes in the pursuit of their dreams.
- The goal of Heavenly Highlights is to ease a time consuming and necessary part of athletics by analyzing film for you and transforming it into a highlight reel for you to use however you see fit!
