Valley Girl Blonde

Blonde Ale • 5.6% ABV • 18 IBU

**AWARDED SILVER MEDAL in the 2019 NEW YORK INTERNATIONAL BEER FESTIVAL* Born from a mixture of classic German Kolsch influence and fresh California flavor, the Valley Girl Blonde Ale is a throwback to the style we first started brewing in a Sylmar garage in 2012. It took countless rounds of trial-and-error to get her just right, but she wouldn't be a Valley Girl if she weren't a little high maintenance. This rich full bodied blonde pops in your mouth and invites you back for another sip. At 5.6%, the Valley Girl is an all-the-time beer. Whether you're chillin' in Malibu or just kickin' it in Sylmar, a Valley Girl Blonde fits the scene.*

Matador Red

Red Ale • 5.8% ABV • 21 IBU

Grab your next beer by the horns. The Amarillo and Centennial hops produce citrus and floral tones which balance out the seven styles of grain making up the malt bill. It's this profile that creates seductive caramel notes and a soft chocolate finish, sitting smoothly on your tongue. This balance and complexity make it a red ale to remember! Brewed four miles west of campus by Matador Alumni!

First stage is a balanced IPA with intermingling earthy pine, passion fruit and floral notes that finish clean and create the craving for another pour. This beer is our tribute to the deep history of aerospace in the San Fernando Valley and the most reliable rocket engine ever built. This is an IPA you can launch year-round.

Black Cat Moan

Imperial Stout • 11.1% ABV • 60 IBU

Black Cat Moan is our take on an imperial stout. We maxed out our mash kettle with this monster coming in at 11.1% ABV. She is a roasty beast with cocoa, cacao, espresso, and dark fruit notes yet not boozy and balanced out by her floral hop backbone. Take this beast home for the perfect beer float!
