

OPK CAN BEER

CAN BEER OPTIONS FOR ONSITE CONSUMPTION - PRICING LISTED AS CASH PRICE

1st Stage IPA

IPA - American • 7.1% ABV • 54 IBU

First stage is a balanced IPA with intermingling earthy pine, passion fruit and floral notes that finish clean and create the craving for another pour. This beer is our tribute to the deep history of aerospace in the San Fernando Valley and the most reliable rocket engine ever built. This is an IPA you can launch year-round.

Good Day IPA

IPA - Imperial • 9.2% ABV • 93 IBU

Centennial, Columbus, Simcoe and Citra hops blend perfectly to bring on a crashing wave of citrus balanced against a robust malt backbone. The grapefruit aroma and aftertaste stick with you long after the glass is empty. If you're celebrating a good day or trying to turn a bad one around, this double IPA is for you!

Gravity Hill

Belgian Tripel • 8.3% ABV • 29 IBU

Gravity Hill is a full bodied tripel that mixes notes of clove, banana, and vanilla. Its sweet, rich flavor is balanced out with a warm and peppery finish that's guaranteed to shift your equilibrium. Named after a Sylmar urban legend in which things roll up hill, our 818 interpretation of this traditional Trappist style is our attempt at a gravity-defying flavor experience.

Black Cat Moan

Stout - Imperial • 11.1% ABV • 60 IBU

Black Cat Moan is our take on an imperial stout. We maxed out our mash kettle with this monster coming in at 11.1% ABV. She is a roasty beast with coco, cacao, espresso, and dark fruit notes yet not boozy and balanced out by her floral hop backbone. Take this beast home for the perfect beer float!

SoBear N/A Hazy Pale Ale

Non-Alcoholic - Pale Ale • 0.5% ABV

This moderate strength pale ale is the perfect potion for hop-lovers everywhere. With a hazy appearance and a juicy hop profile that screams tropical fruit and candied citrus, SoBear will have you under its spell in no time. It's all thanks to a clever brewing technique where we add the hops late in the process, giving you all the flavor and aroma, with none of the bitterness. But what really sets our Hazy apart is its silky smooth mouthfeel. It's like drinking a cloud! We achieve this magic by using high-protein malts like wheat and oats, along with a dash of witchery. The end result? A beer that's so drinkable and refreshing, you'll want to cast a spell for it every day.
