

Dear Edison Student-athletes, as we navigate these uncertain times the Athletic Department continues plan for our Relaunch of athletics. We are currently operating per district, NFHS and our counties health department's Phase One of athletics. We encourage all that are interested in participating in the 2020-21 athletic campaign to prepare accordingly. There are no guarantees that we will be able to activate our seasons but at minimum we will ready once additional directives are shared with us. The following are 3 essential steps that everyone must execute in preparation for active participation:

Step #1 Communication:

Contact your Head Coach via email, all Head Coaches information is available at <https://www.fresnou.org/schools/edison> under the Athletics Tab or Email Edison's Athletic Director at Hector.verduzco@fresnounified.org

Step #2 Physicals:

1. Physical Form 2019-20 (Effective through 2020-21) Head Coaches or designees will forward this document
2. Download
 - a. Phase one Re-Launch form, please read thoroughly
3. Print
 - a. COVID 19 Release Form (Guardian and athlete's signature are required)
 - b. COVID 19 Symptom SA Form (Student-athlete's signature is required)
 - c. Send Copy to Head Coach, upon returning to in person session provided the required signed forms

Step #3 FamilyID - Family ID is an online source/database in which you will be completing your athletic packets this- year. Due to our current global health crisis, we will not be taking hard copies of the athletic packets (with the exception of physical forms, COVID-19 Liability Form, and the student consent pre-screening form). All information will need to be filled out/updated through Family ID before you can be fully cleared for the 2020-21 season. Parents/guardians must do to the following:

1. Access the website at: hello.familyid.com
2. Parent(s)/guardian(s) must first create a profile
3. Search for Edison HS Fresno
4. Select the 2020-21 Registration link
5. Fill out the athletic packet which includes all consent forms, insurance info, etc. (You may continue without having the physical form portion filled out--just select fill out at a later date).
6. Head Coaches or designees per team will collect the students' physical forms once completed, ensure that they are completely and correctly filled out (all signatures complete, including doctors signatures), and then will send them directly to our Athletic Director (AD) who will update that portion on your Family ID.
7. Upon parent/guardian completing the previous step (filling out the athletic packet), our AD will receive a notification.
8. Once approved by the AD, a confirmation will be sent to the parent(s)/guardian and myself.
