### Interests

AWS, Azure, AI, LLMs, Web3, Blockchain, Motion Animation, Yoga, Training for an Iron Man, Concerts, Cats, Coffee

---

### Skills

JavaScript, HTML5, CSS3, Node.js, MongoDB, Python, Next.js, React, GitHub, Bootstrap, Figma, Adobe Creative Suite

---

### Projects

#### Full-Stack Developer / **Wellspring** - AUG 2023 - PRESENT

Theological Study Tool

As a project aimed to showcase my knowledge of code and talent in the field of UX, Wellspring is a powerful study tool harnessing the capabilities of AI to access a theological library for insights on the go. With the mobile app you can conduct word studies in Greek or Hebrew, launch into community reading plans, customize how you mark up text, and consult multiple resources side by side.

#### Front-End Developer / **Ridge** - OCT 2023 - PRESENT

Website Upgrade

Styled, upgraded, and developed code for the client's website primarily using HTML, CSS, JavaScript, and Next.js. Performed quality assurance tests to ensure cross-browser compatibility, responsive on mobile, and accessibility standards were adequately met according to current WCAG guidelines.

#### Web Developer / **Aavegotchi** - SEPT 2018 - DEC 2021

DeFi Enabled Web3 Collectibles Game

Worked alongside a team of project managers and fellow engineers to develop, test and deploy the foundational codebase intended for Aavegotchi's P2P marketplace. Participated in testing procedures involving the protocol's implementation of a modular smart contract system, specifically designed to grant access to external functions after deployment, as per specifications outlined in the Diamond Standard. ([EIP-2535](#))

---

### Experience

#### Executive Chef / **Wild Son** - DEC 2015 - AUG 2018

Full-Service Restaurant

Led and supervised a culinary team comprised of 26 employees across 3 multi-million dollar dining establishments. Built, implemented and oversaw new policies for the tracking and reporting of inbound vendor incidents which resulted in a monthly cost-savings of 2 percent for each restaurant respectively.

#### Executive Pastry Chef / **General Muir** - SEPT 2013 - OCT 2014

Restaurant & Wholesale Bakery

Directed a team of 10 pastry chefs spanning three shifts daily, successfully delivering all in-house, wholesale, and external baking and pastry needs. Under my direction our teams reduced food waste and product costs 6 percent.

---

### Learning

#### Google / **UX Design** - APR 2023

Professional Certificate

#### Meta / **Front-End Developer** - OCT 2023 - Present

Professional Certificate

---

### Bootcamp

#### University of Michigan / **Python for Everybody** - FEB 2018

Learn to program and analyze data with Python

#### Harvard University / **CS50** - MAY 2023

An introduction to the intellectual enterprises of Computer Science and the Art of Programming

---

### Education

#### Culinary Institute of America / **Associate's Degree** - SEPT 2008

---
