316 ADULT ENTERTAINMENT/SEXUALLY ORIENTED BUSINESSES.
(Permitted in GB-1 and L1 Districts only)

- A. Amherst Township has determined that permitting adult uses, as defined in this Section, in proximity to residential, institutional, and non-adult oriented retail uses would have a detrimental effect on such adjacent uses. It has been demonstrated that adult uses, as defined in this Section, have been known to cause undesirable secondary effects on residential and institutional uses, particularly those where children are present, as well as adjacent non-adult use oriented retail uses.

The Amherst Township Zoning Commission and Board of Trustees have determined that numerous impact studies have been conducted pertaining to the effects of adult entertainment businesses on the neighborhoods and areas in which those businesses are located.

The members of the Amherst Township Zoning Commission and Board of Trustees have been provided with, have reviewed, and have considered copies of the “Adult Entertainment Study” dated November 1994, conducted by the New York City Department of Planning; “Adult Entertainment Businesses in Indianapolis, An Analysis” dated February 1984, conducted by the Department of Metropolitan Development of the city of Indianapolis; and the “Report of the Attorney General’s Working Group on the Regulation of Sexually Oriented Businesses” dated June 6, 1989, conducted by the attorney General for the State of Minnesota.

The “Adult Entertainment Study” of the City of New York contains summaries of impact studies from the cities of Islip, New York; Los Angeles, California; Indianapolis, Indiana; Whittier, California; Austin, Texas; Phoenix, Arizona; Manatee County, Florida; New Hanover County, North Carolina; and the State of Minnesota.

These numerous studies conclude, based on documented evidence, that adult entertainment businesses have negative secondary effects such as increased crime rates, decreased property values, curtailed retail trade, deterioration of the quality of rural and urban life, and the spread of sexually transmitted diseases.

The adverse effects of adult entertainment businesses are compounded when such businesses are located in close proximity to each other and have the tendency to create “dead zones”.

The Amherst Township Zoning Commission and Board of Trustees desire to minimize and control these adverse effects and thereby protect the health, safety, and welfare of the citizens, protect the citizens from increased crime, the spread of sexually transmitted diseases, preserve the quality of life, preserve the property values and character of surrounding neighborhoods, and deter the spread of urban blight.

The Amherst Township Zoning Commission and Board of Trustees desire to prohibit the establishment of adult entertainment businesses within the close proximity to existing adult entertainment businesses, residentially zoned areas, residences, schools, churches, parks, playgrounds, social service facilities, and neighborhood centers.

It is not the intent of this resolution or any related resolutions to suppress any speech activities protected by the First Amendment to the United States Constitution. The intent is to enact a content-neutral resolution which addresses the secondary effects of adult entertainment businesses.

There is adequate land available in Amherst Township, zoned GB-1 General Business District and LI Light Industrial District within which adult entertainment businesses may be located.

It is not the intent of this resolution or any related resolutions to condone, encourage, or legitimize the distribution of obscene material or the establishment of adult entertainment businesses.

- B. Therefore, in order to prevent potential deterioration in Amherst Township's retail areas; and to avoid potential adverse impacts on residential and institutional uses particularly those where children are present, and thereby protecting the public health, safety and welfare, adult uses, as defined in this Section, shall be permitted only in the GB-1 General Business District and the LI Light Industrial District subject to the following requirements and further subject to the site plan and design review procedures pursuant to Article 2200. For purposes of this Resolution adult uses shall include but not be limited to any of the following:
