

# FCA Foundation Gifting

The Florida Commodores Association Foundation (FCAF) is committed to the development and support of Florida sailors, encompassing youth sailing initiatives, amateur competitive programs, and the training of Olympic-level athletes. With the 2028 Summer Olympics in Los Angeles on the horizon, Florida's sailors are currently engaged in intensive training regimes, requiring substantial financial resources. Recognizing the critical role of funding in enabling these athletes to compete, the FCAF has launched a four-year fundraising campaign to ensure their participation and success.
