

The Resurrection

The resurrection of Jesus ought to be celebrated as it is the essence of our Christianity. Galatians 2:20 reminds us of what it means to have His Spirit in us. Our old selves died and we have now risen with Him. In Him we live, we move and we have our being. We are no longer condemned to eternal damnation. We have broken free of the chains of sin. Sin no longer reigns over us, for we have overcome. For our Saviour who was wounded for our transgressions, we spread the Good News:

“He is not here; for He is risen,” - Matthew 28:6

Because He lives, we are called to *testify*.
