# WHAT FREEDOM MEANS TO ME

**CAREY LASHLEY:** "Many members of my family moved from New Orleans to California in the 70's to create a better future for themselves. I was born in California and then my family moved to Houston, Texas in 2001 seeking better opportunities and growth. Freedom to me means, we always have the opportunity to "Energize and Empower" not only ourselves, but, our community. Freedom to me means we always have the opportunity to "Educate Ourselves" and our community. As far as I am concerned, true freedom is realized when we Energize, Empower and Educate ourselves, our family, and our community."
