About the Baltimore Gamer Symphony Orchestra:

The BGSO is a community orchestra and choir that performs orchestral arrangements of musical themes from video games for the enjoyment of the Baltimore community and surrounding areas. Along with concerts, we also host Instrument Petting Zoos where children and adults are able to interact with various musical instruments. Our goal is to encourage our community to understand that orchestral video game music as an art form, rather than just the background soundscape for a video game. Additionally, we accept members of all musical levels and backgrounds to foster a renewed sense of pride in one's musicality.

Our rehearsals take place from 7 - 9 pm on Wednesdays at the Sollers Point Multi-Purpose Center at 323 Sollers Point Road, Dundalk, MD 21222

Check out baltimoregso.org for more information!
