

About the Baltimore Gamer Symphony Orchestra:

We are a community orchestra and choir that performs orchestral arrangements of music from video games for the enjoyment of the Baltimore community and surrounding areas. Along with concerts, we also host Instrument Petting Zoos where children and adults are able to interact with various musical instruments. We accept members of all musical levels and backgrounds to foster a renewed sense of pride in one's musicality. Donating to us is tax deductible, and welcomed so that we can fund instrument repairs and further events in the community. Thanks for your support!
