hey, y'all, some last minute energy help would be appreciated! Gypsy got a =
baby monkey and it would not settle down on the bus rides bawk to Bangkok, =
didn't sleep from the several safe sleeping pills she tried. Today she is h=

oping to find a vet willing to help, not, of course mentioning she is takin=
g it out of country! It will ride in her clothing giving her big boobs if w=
e can make it sleep, otherwise it is taken away and possible jail for her. =
So, please send what ever energy you can, we have already fallen in love iw=
th Apu, a gift from someone in one of the hill tribes. His mother was eaten=
, and he needs to only be loved. Will send pictures when we are safely home=
. Flight leaves from Bangkok to Korea just after midnight tonight, then 2+ =
hours in Korea and on to LA. Renting a car home, no more flying if we make =
it that far!!!!!! You guys can do it, I know you can!
