

COMPANY PROFILE

PACKAGING

Boxing up Perfection to
the Infinity and Beyond

**Customized, Creative & Sustainable Packaging
Solutions for Your Branded Products**

INTRODUCTION

RR PACKAGING, a proprietorship firm, embarked its journey in the year of **1989** by the Promoter **MR. PRAVINKUMAR NAGJIBHAI GANATRA**. We started from a Small Unit in rented premises and today we own a Manufacturing Plant to cater

the needs of our Clients. Today **RR Packaging** is also one of the participants in the fastest growing and Versatile Packaging Manufacturing unit.

With our existence in Rajkot, Gujarat we are extending our reach to the whole of the Gujarat State, PAN India and eager to serve our clients at international level by providing them with the Packaging Solutions.

WHY TO CHOOSE US ?

THE PERFECT PACKAGING SHOWS THE BRAND VALUES OF YOUR PRODUCT. AND WE CARE FOR IT.

ABOUT OUR TEAM

**PRAVINKUMAR
GANATRA,
FOUNDER**

*"The Consistent Customer
base acknowledges your
strength and efforts in your
business."*

**YASH
GANATRA,
CREATIVE DIRECTOR**

*"Packaging today is crucial
in promoting your product
as a brand and catering to
the market."*

MISSION & VISION

It's the legacy of **RR PACKAGING** to become customers' core Treasury serving all types of complete packaging solutions that resolve the industry-specific challenges since the day of inception.

Our commitment to the customers puts us in the position to support their growth as well as to set the prideful and Remarkable Existence of our firm.

We are actively contributing to our National Mission of “**MAKE IN INDIA**” and “**ENVIRONMENT FREE INDIA**” through our standardized yet world class and affordable packaging products.

OUR STRENGTH & USP

To qualify the needs of the clients we employ our 30+ year's unique product development skills, expertise and sustained efforts. We recommend tailored dimension quality packaging boxes or cartons to reduce the empty space in the box by providing the right level of product protection and minimize the shipping costs which will ultimately result in reducing the environmental footprint.
