Additional Jeep Tour Information

You are not permitted to enter any road that is not paved. We have Special Use Permits issued by The State of Florida Forest Department. The Jeep's will not be covered under any insurance if you enter any road that is unpaved and will pay a \$500 fine and pay for all damages to the vehicle. This violates our rental Terms & Conditions listed on the rental agreement.

The forest has many roads that are made of sand and you will sink, the brush is very thick in areas and will scratch the paint. Prescribed burns happen often throughout different areas of the Forest and it can be extremely unsafe if you are unaware of the burns.

Follow our lead jeep in on of our rental jeeps to see some of the best views the forest has to offer!

Enjoy the views with your family and friends in your own jeep when you rent one of ours and jump in the convoy!

PLACES TO SEE

Besides cruising up and down Emerald Coast Parkway stopping in at places like Harborwalk Village in Destin or the charming Village of Baytowne Wharf at Sandestin you will truly enjoy “jeeping” down Scenic 30A.

This sensational two lane road meanders along the glistening gulf for about eighteen miles beside the sugary shores.

The scenic corridor hugs the forested Gulf of Mexico coastline with breathtaking views of sugar white sand beaches and luminescent emerald hued waters.

Secondly, this gorgeous route travels beside shores that are designated as a Blue Wave Beach, which is the nation's highest honor for cleanliness and beauty. There are numerous public access points along the way, many of which are below sand dunes that rise up from the edge of the gulf in this special part of the world.

Precious Coastal Dune Lakes parallel the coast. These exotic bodies of water are found in only three other places in the world which include Madagascar, Australia and New Zealand. They support a huge variety of wildlife due to the combination of fresh and salt water which varies as inlets open up or close off to the gulf.

Three amazing state parks parallel the coast here which include Topsail with “towering” twenty-five foot dunes, award winning Grayton Beach and forested Deer Lake which is named for the doe that are sometimes seen eating golden Sea Oats near the shore. Grayton Beach State Park is particularly lovely since Scenic 30A crosses Western Lake which borders the forest on one side and runs all the way to the gulf towards the south. A narrow isthmus that crosses the lake in the middle leads into Watercolor.

MY FAMILY LOVES

Deer Lake State Park

A BOARDWALK ACROSS THE DUNES OFFERS EASY ACCESS TO THE BEACH WHERE VISITORS CAN PICNIC, SWIM AND FISH. IT ALSO OFFERS A SPECTACULAR VIEW OF THE DUNE ECOSYSTEM, ONE OF 11 NATURAL COMMUNITIES FOUND IN THE PARK. DIRECTIONS TO THIS PARK. FIRSTHAND FLORIDA FUN: DEER LAKE STATE PARK IS FEATURED IN THE FIRSTHAND FLORIDA FUN BLOG.

TELL THEM WE SENT YOU, IF YOU SEE SOMETHING YOU LIKE!

Justin has been working as a professional artist since 2001. All of Justin's work is inspired partially by nature and mostly by human nature and life experience. The underlying motif of Justin's work is the connection of all things through nature, shared experiences, and the passion to create and learn new things. Justin's drive to create and learn through his work makes for a very diverse body of creations.

EDEN GARDENS

Eden Gardens State Park contains approximately 163 acres of land that was part of the historic Wesley homestead. The focal point of this park is the beautifully renovated, two-story house with elegant white columns and wrap around porch. In a setting of moss-draped live oaks, the 1897 mansion recalls a prosperous era before the virgin forests of long leaf pine and cypress were exhausted in this part of the state.

GREAT FOR PICNICS

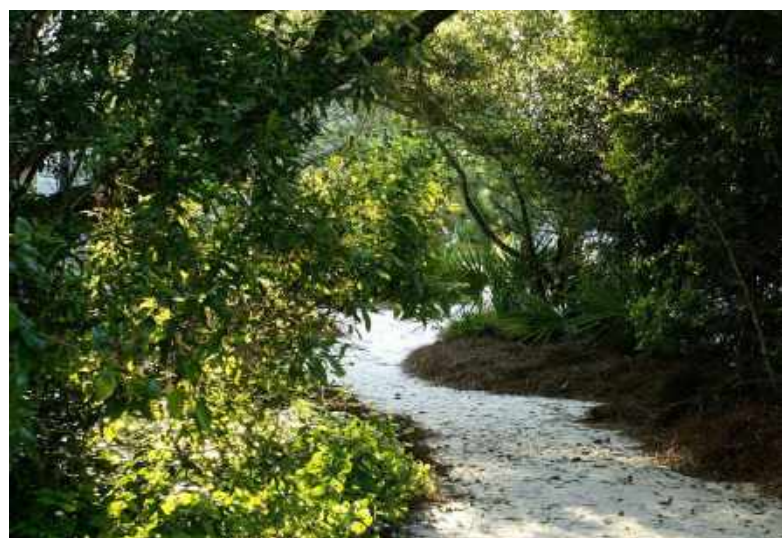

OTHER SCENIC DRIVES

Navarre to Pensacola Scenic Gulf Islands Drive. It's a nice drive from Navarre Beach to Pensacola Beach. Water on both sides of you.

HIKE & BIKE

Right across the street from Grayton Beach State Park. You can park there and hike or bike for free.

THE WATER

Western Lake: Western Lake is the most explored coastal dune lake in Walton County. Grayton Beach State Park offers adequate parking and boat ramp facilities within the park. The park also offers canoe rentals. There is a County boat ramp at the end of Hotz Ave., in Grayton Beach with limited parking.

Eastern Lake: County park on the corner of Lakewood Drive and Lakeview Drive offers adequate parking, picnic tables, grill and boat launch. Fishing, bird watching, kayaking/canoeing/paddle boarding.

Deer Lake: Deer Lake State Park offers a scenic boardwalk to the beach. Deer Lake can be accessed from the beach. Hiking, fishing, bird watching.

Camp Creek Lake: Limited access along Scenic Hwy. 30A. Fishing, bird watching, kayaking/canoeing/stand up paddle boarding. Only Access to people staying over there. No public access.

Artificial Limestone Reefs

DIVE INTO ONE OF THE NEW ARTIFICIAL LIMESTONE REEFS!

The South Walton Artificial Reef Association (SWARA) reached a milestone in its goal of creating a protective marine habitat in the Gulf of Mexico with the deployment of its first artificial reef system, Turtle Reef! The system currently comprises 58 reef modules located about 200 yards offshore at Grayton Beach State Park along Scenic Highway 30-A. Aptly named, the reef modules' positions even create the shape of a sea turtle when viewed from above!

This achievement marks the beginning of all-new opportunities never available in the South Walton area for locals and visitors alike to experience an underwater ecosystem teeming with wildlife! Paddle Board, Kayak, or float right off the shore for viewing.
