Scoring:

Once all questions are answered, calculate the score for each section as follows:

- Total Score for Each Section: Sum the ratings for each item within that section.
- Maximum Possible Score per Section: 25 (if all answers are 5).
- Total Score: Add up the scores from all sections.

Cultural Competency Levels:

- 160 200 (Highly Competent): You demonstrate strong cultural competency and are highly effective in intercultural situations.
- 120 159 (Competent): You have good cultural competency, but there is room for growth in certain areas.
- 80 119 (Moderate Competency): You have some cultural competency, but significant improvement is needed to navigate intercultural contexts effectively.
- Below 80 (Low Competency): There is a need for more awareness, training, and practice in cultural competency.

Interpretation:

- High Scores: Reflect a well-developed cultural competency and a strong ability to engage effectively in diverse academic settings.
- Moderate Scores: Indicate areas for improvement. Focus on further developing CQ Drive, CQ Knowledge, CQ Strategy, and CQ Behavior through training and practical engagement.
- Low Scores: Suggest the need for significant development in cultural understanding and interaction. Consider taking part in immersive experiences, training workshops, or mentorship programs focused on cross-cultural learning.
