COVID-19 Preparedness Statement

July, 2020

We are constantly monitoring reports about the Coronavirus COVID-19 outbreak and we are closely monitoring the latest reports from the Centers for Disease Control (CDC). Our focus remains on the safety and well-being of our customers, employees and the communities we serve. We know that preparedness and vigilance are key to preventing unnecessary spreading of the virus.

We are taking immediate action to keep our location safer by performing additional, enhanced cleaning procedures throughout the day. We are using cleaning techniques and products that have been recommended by the CDC to effectively prevent the passage of viruses and other pathogens. We are also training and reminding our staff to be diligent with hand washing and use of hand sanitizer in addition to asking any employees with illness symptoms to stay home.

Should conditions warrant further actions, please know that we have contingency plans in place to continue serving our customers. We will communicate these changes as quickly and widely as possible through our website, social media and other media outlets.

We are committed to serving our customer's needs as the impacts of this outbreak are felt in the communities we serve. Please do not hesitate to reach out to our staff if we can assist you in any way. We appreciate your support and look forward to serving you.

Sincerely,
Carl Maul
President
224 Graphics Inc.
