DISAPPEARING INK PENS

FOR DRESSMAKING, HANDICRAFT, EMBROIDERY... ANY TEMPORARY LINE MARKING, ETC.

Useful for temporary marking, drawing designs, embroidering, and memo writing.

Disappears spontaneously, and/or easily and quickly erasable with water or eraser, any marks on cloth, wool, plastics, wood, or paper.

Available in Violet, Pink, Blue, and White color ink.

Violet disappears spontaneously when exposed to air in 2-14 days.

Pink disappears spontaneously when exposed to air in 1-7 days.

White disappears spontaneously when exposed to air in 1-4 days.

Blue does not disappear spontaneously. Erasable only by water. Use when work needs long time.

- Disappearing time varies depending on writing pressure, material, temperature, humidity, and atmospheric conditions.
- Do not pack and seal in a bag before markings completely disappear. Markings last longer with less ventilation.
- Do not use any solvents or cleaning agents.
- ALWAYS TEST ON SCRAP MATERIAL OR ON CONCEALED LOCATION.

AT10-V Hard/Soft Violet Pen (Double Pointed: 1 fine point / 1 broad point)

#AT10-PE Pink Pen with Eraser

#AT10-VE Violet Pen with Eraser

#A95-P Pink Pen (only)

#A95-V Violet Pen (only)

#PW95-B Blue Pen (only)

#WHITE-A White Pen (only)

ERASER FOR VIOLET AND PINK DISAPPEARING INKS

Violet and Pink inks disappear spontaneously and are also erasable by water. But when you want to erase in a rush use #ERASER and the color will disappear at once. Trace once or twice with #ERASER over Violet or Pink ink and they will disappear right away. Ink is non-toxic.

LUMOCOLOR PERMANENT FINE POINT PENS

IDEAL FOR EMBROIDERY TOUCH UP.

Universal fine point pens for use on almost all surfaces.

Specially formulated **permanent**, waterproof, lightfast (resistant to UV) ink.

One handy holder contains 8 pens (Black, Blue, Brown, Green, Orange, Purple, Red, Yellow).

#318WP8 Sturdy stand-up box/carrying case with 8 pens

TAILORS CRAYONS

Tailors crayons, also known as Tailors Squares, are manufactured in a wax base and special chemical base. They mark smoothly, sharpen easily, and produce clear lines that melt when pressed. Tailors Crayons are used when the fabric being marked is heavy enough to absorb and hide the melted wax without bleeding through to the other side or when marking lines on which to cut fabric.

Packed 48 pcs per box.

Each square measures 45mm x 38mm x 5mm (1-3/4"x1-1/2"x3/16")

Available in a variety of colors

#D48-900	BLACK	#D48-902	BLUE	#D48-903-1/2	YELLOW
#D48-901	RED	#D48-903	WHITE	#D48-904	GREEN

DISAPPEARING CHALK

Disappearing chalk is used for marking fabrics that cannot absorb a wax mark and that would not permit brushing out clay marks because of the cost involved. SLOW formula oxidizes (disappears) when exposed to air in 165 hours or immediately when placed in a steam press.

Packed 36 pcs per box.

Each square measures 45mm x 38mm x 5mm (1-3/4"x1-1/2"x3/16")

Color: GreyWhite

#D999-SLO

HIDDEN GLOW

DISAPPEARING TAILORS CRAYONS

Hidden Glow Disappearing Tailors Crayons contain a special fluorescent compound that will remain in the fabric after visible mark disappears. The fluorescent marking will show up under ultra violet light ("black light") even though the naked eye cannot observe any marks. Ideal for use on light weight fabrics that would otherwise reveal marking by standard tailors crayons.

Packed 48 pcs per box.

Each square measures 45mm x 38mm x 5mm (1-3/4"x1-1/2"x3/16")

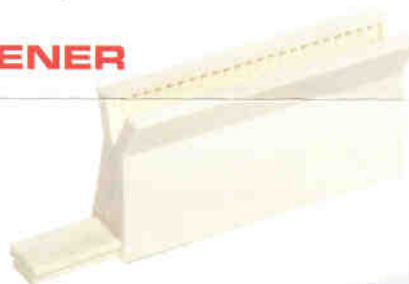

#D48-910

CHALK & CRAYON SHARPENER

Made of Durable Plastic

- Puts a perfect edge on all types of flat chalk and crayons
- One pass with the chalk makes a perfect edge
- Bottom slides out for easy cleaning
- Convenient, compact size

#CS110

DIXON TAILORS CRAYONS

Finest quality, compressed for longwearing, non-crumbling use. Withstands pressing, 2" square that is shaped, double beveled.

Packed 24 pcs per box.

Available in a variety of colors

#D901	RED	#D902	BLUE
#D903	WHITE	#D903-1/2	YELLOW

BELMONT PENS (Item # PENS-BLA)

Bold black marking pen with a special "ball" point, traces deep solid lines. The "ball" point permits greater marking pressure and will not snag or fray pattern. Suitable for marking on fabrics that require a **permanent** marking.

BELMONT TAILORING PENCILS

BELMONT Tailoring Pencils have a blend of vibrant pigments pressed into thick leads and encased in wood. Designed for easy sharpening and longer lasting points. Waterproof, smear-proof, and fade-proof. Suitable for marking on fabrics that require **permanent** and very sharp marks. Best used on fabrics with low nap or tightly woven. Also popular in offices, among artists and chartists because of the broad and easy deposit of color.

Packed 12 pcs per sleeve / 6 sleeves (72 pcs) / box
Available in a variety of colors.

#D349	RED	#D350	BLUE
#D352	WHITE	#D353	YELLOW

DIXON WASHOUT TEXTILE PENCILS

Special fugitive formulation designed to water wash from most natural and synthetic fabrics. Dixon can assume no liability for fugitivity. Large diameter leads.

D783B	BLUE
D783R	RED
D783G	GREEN

PACKED 1 DOZEN PER BOX (Sold in multiples of 1 dozen)

DIAMOND CHINA MARKERS (Grease Pencils)

DIAMOND China Markers, also known as "Grease Pencils," leave opaque markings without skipping on all types of shiny surfaces including glazed pottery, glass, plastic, metal, rubber as well as porous surfaces such as fabric, wood, and paper. Marks are water-resistant and colorfast. Can be easily removed from non-porous finishes. Using the pull string easily exposes the paper wrapped core.

Packed 12 pcs per box
Available in a variety of colors.

D71	CRIMSON / RED	D73	YELLOW
D77	BLACK	D92	WHITE

ALSO AVAILABLE:

#D350HG HIDDEN GLO INVISIBLE-FLUORESCENT PENCIL CRAYONS

Glo-Green / hard 1 dozen (12pcs) / box
For fine invisible marks that glow bright green under ultra violet (u.v.) black light
Easy marking on soft fabrics. No Need to Clean Off Marks.

#D111G HIDDEN GLO INVISIBLE-FLUORESCENT PENCIL CRAYONS

Glo-Yellow / soft 1 dozen (12pcs) / box
For fine invisible marks that glow bright yellow under ultra violet (u.v.) black light
Easy marking on soft fabrics. No Need to Clean Off Marks.

The gentle "give and take" of the fabric keeps muscles free from fatigue and promotes better circulation. Naturally generated body warmth is retained within the tightly knit fabric. This relaxes muscles and stimulates circulation. Hand-Mates comfortably reinforce the palm and wrist, leaving fingers free to handle work. When wearing Hand-Mates hands will feel more comfortable and relaxed than ever before. Their many uses include sewing, quilting, data entry, assembly work and much more. Can be worn under protective gloves.</p>	<p>STAINLESS STEEL SAFETY GLOVES</p>  <p>SGA515SM SGA515MED SGA515L</p> <p>Safety Gloves Reversible Left / Right Full Hand</p>  <p>SGA513SM SGA513MED SGA513L</p> <p>Safety Gloves Reversible Left / Right Thumb / 2 Finger</p>

MUNDIAL

Mundial Four Aces, was established in Porto Alegre, Brazil in 1932. It was founded by cutlery craftsmen from the Solingen area of Germany.

An efficient combination of the latest technology, quality control and complete integration allows Mundial to manufacture quality scissors and shears to meet demanding industrial needs. Quality and economy in each tool.

INDUSTRIAL FORGED SHEARS - SOLID STEEL

Professional knife-edge, industrial/tailor. Ideal for cutting multiple layers with maximum ergonomic control.

- Hot drop-forged, nickel plated blades and black handles.
- Stay-set pivot assembly.

ITEM NO.	FULL LENGTH	CUT LENGTH
M420-10	10" - 254mm	4 7/8" - 124mm
M420-10LH (LEFT HAND)	10" - 254mm	4 7/8" - 124mm
M422-12	12" - 305mm	6 1/8" - 156mm

HEAVY DUTY INDUSTRIAL FORGED SHEARS - SOLID STEEL

Professional knife-edge, with heavier and wider blades, European style with **handle rest**. Designed for cutting upholstery, carpet, drapery and multiple layer fabrics.

- Hot drop-forged, nickel plated with black handle.
- Stay-set pivot assembly.

ITEM NO.	FULL LENGTH	CUT LENGTH
M429-9	9" - 229mm	4 1/8" - 105mm
M420W	10" - 254mm	4 7/8" - 124mm
M422W	12" - 305mm	6 1/8" - 156mm

INDUSTRIAL FORGED UTILITY SHEARS SOLID STEEL

Professional knife-edge, elongated shank provides high leverage cutting ability. Used extensively in upholstery, auto/marine and more difficult cutting tasks.

- Hot drop-forged, nickel plated with black handle.
- Stay-set pivot assembly.

ITEM NO.	FULL LENGTH	CUT LENGTH
M456-8	8" - 203mm	3" - 76mm

BENT TRIMMERS - SOLID STEEL

Professional knife-edge, dressmaker shears for extensive cutting tasks. Ideal for cutting fabrics of all weights. A serrated blade is ideal for cutting fine synthetic fabric/material.

- Hot drop-forged.
- Adjustable bolt/nut pivot assembly.
- 455 series is nickel plated with black handle.
- 454 series is nickel plated with red handle

ITEM NO.	FULL LENGTH	CUT LENGTH
M455-6	6" - 152mm	2 5/8" - 67mm

Wiss®

The WISS Quality Story

The name WISS has been synonymous with fine quality shears and scissors since 1848. This position of eminence is unparalleled in the industry and has been achieved by maintaining a standard of manufacturing excellence that has made WISS a household word in this country and throughout the world.

The manufacture of WISS shears and scissors begins with the finest quality cutlery steel and a knowledge of metallurgy achieved from years testing and analyzing these products at every stage of production.

The combination of this with the dedication and experience of skilled craftsmen, is responsible for the cutting edge superiority that has established WISS shears and scissors as the standard of excellence in the industry.

HEAVY DUTY INDUSTRIAL SHEARS

INLAID

Professional, Industrial/Tailor. Ideal for heavy-duty extensive, multiple layer cutting.

- Hot drop-forged, polished blades with black handle.
- Patented set-easy pivot, easy hand adjustment.

Industrial High and Low Speed Clutch Motor

Watts: 400 Watts & 550 Watts available

Power: 110 Volts

Rotation: Bi-directional

RPM: 1725 (Low Speed Motor)

RPM: 3450 (High Speed Motor)

Shaft: AMCO Shaft

Weight: Approximately 42 Lbs

Available Pulleys: 630, 632, 634
Hardware & Belt Cover included

220 Volts Available Upon Request

DREMEL TOOLS

Dremel 2850-02 Two Speed MultiPro Kit

The Dremel Two Speed MultiPro rotary tool offers the precision and control required to complete a wide range of projects. Its two speed settings allow you to use the low speed setting for cleaning applications and using brush accessories and the high speed setting for routing, cutting and sanding applications.

Includes Storage Case and 40 Accessories

DREMEL TOOLS Cordless

DREMEL 7800-02 MultiPro Cordless Tool Kit

(9.6V, Variable Speeds 5,000 - 25,000 RPM, 3 Hr. Charger, DREMELite, 25 Accessories, Carrying Case)
Higher speeds of 5000 to 35000 RPM same as Dremel corded models
High capacity 10.8V Lithium-Ion battery pack for longer run times
Battery fuel gauge lets you know when its time to recharge
Variable speed to handle a greater range of applications with more precision

Weller® Soldering Gun Kit (D550PK)

260/200 watts
Professional heavy duty
Includes:

Mfg. No.D550 gun with pre-tinned tip,
two extra untinned copper tips,
wrench, flux brush, soldering aid tool,
coil of 40/60 rosin core solder
and plastic carrying case

LARGE SEAM RIPPER

#115R

- 5-1/2" overall length
- Clear Plastic Cap
- Ridges on Cap Prevent Rolling
- Cutlery Steel – Long Lasting Sharpness
- Plastic Ball on Short Finger for Safety

#111RS (same as above with Solid Steel Ball on short finger)

SMALL SEAM RIPPER

#110R

- 2-1/2" overall length
- Clear Plastic Cap
- Ridges on Cap Prevent Rolling
- Cutlery Steel – Long Lasting Sharpness
- Plastic Ball on Short Finger for Safety

LARGE FLAT HANDLE SEAM RIPPER

#112R

- 5-1/2" overall length
- Sure-Grip Texture Handle
- Clear Plastic Cap
- Cutlery Steel – Long Lasting Sharpness
- Plastic Ball on Short Finger for Safety

#112RS (same as above with Solid Steel Ball on short finger)

RAZOR SHARP SEAM RIPPER

#114R

- 5-1/2" overall length
- Stainless Steel Blade cuts evenly and fluidly
- Razor sharp curve glides through serged stitches with ease
- Cuts many stitches quickly
- Easy for regular seams, too
- Plastic Safety Cover

THREAD PICKER

#L-4656

Convenient 6" overall length, sharp angled point tool with finger loop. Gets under the tightest stitches to pickup up the finest threads. Hardened steel for long life.

PROBE SET

#G862

Ideal tools for probing, cleaning, picking or marking small work surfaces. Angle tool allows for easy viewing of sewing area. Flat bent tip holds fabrics securely. Features extra long aluminum knurled body. Hex head prevents rolling.

Includes 3 heat treated high carbon steel point configurations:

- 45 Degrees Bent
- Double Bend
- Hook Bend

STRAIGHT TWEEZER with Hook

#TWE3

- 5" overall length
- Surgical Stainless Steel
- Sides & Pickup Points ribbed for easier holding and picking up thread or small parts
- Broad Point
- Hook on end helps pull threads

STAINLESS STEEL BENT TWEEZER

#TWE4

- 5" overall length
- Surgical Stainless Steel
- Sides & Pickup Points ribbed for easier holding and picking up of thread or small part
- Sharp, Precision Points

DELUXE BENT TWEEZER

#TWE6

- 6" overall length
- Forged Stainless Steel
- Ribbed surfaces for easier holding
- Ribbed points for easy holding of smallest parts
- Alignment pin for precision points

STAINLESS STEEL BENT TWEEZER

#TWE7

- 6" overall length
- Surgical Stainless Steel
- Smooth surfaces
- Sharp Points pick up finest threads or smallest parts

STAINLESS STEEL STRAIGHT TWEEZER

#TWE8

- 6" overall length
- Surgical Stainless Steel
- Smooth surfaces
- Sharp Points pick up finest threads or smallest objects

SCISSOR TYPE CLAMPING PLIER

#EW166

- 6" overall length
- Forged Stainless Steel
- Ribbed pickup points and locking clamp securely grips whatever is held

SELF-LOCKING TWEEZERS

#TWE15 (4-1/2" overall length)

#TWE16 (6-3/4" overall length)

- Sharp, perfectly aligned points
- Surgical Stainless Steel
- Picks up & Locks to hold finest threads or small parts

Squeeze to open... Release to grip !

www.sewingnotionsusa.com

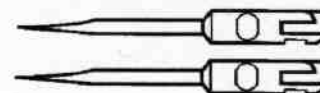

Dennison invented high productivity tagging and **Dennison** tools continue to set industry standards for quality and dependability. Lightweight, comfortable and easy to use, these tools are suitable for all general purpose applications.

Pistol Grip tools, *standard* #D10651 Mark III or *fine* #D10312 MARK II, are the best selling tools. The "pistol-like" grip is comfortable when tagging either flat or hanging goods. A shorter nose and easy-reach tag rest allow one-handed tagging for improved productivity. The tool's smooth trigger action and exceptional light weight (only 3 ounces) reduces operator fatigue over long periods.

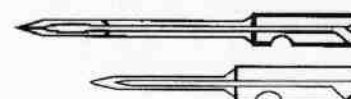

#D10651 MARK III STANDARD Pistol-Grip

Uses #D08941 Standard Needles
or #D08913 Heavy Duty, All-Steel Needles
Can use fastener clips of 50, 80 or 100/clip.

#D10312 MARK II FINE Pistol-Grip

Uses #D08944 Fine Needles
or #D10070 Fine, All-Steel Needles
Can use fastener clips of 50 or 100/clip.

SHD Heavy Duty Long Needle Pistol Tool has extra sturdy construction and a long all steel needle for heavy fastening applications such as carpet, leather or plastic. **SHD** needles are designed to stand up to tough material applications and their all-steel construction helps prevent breakage.

#D10637 SHD Heavy Duty Pistol-Grip

Uses #D10643 SHD Long All-Steel Needles
Ideal for Heavy Duty "T-End" and "Loop" Fasteners

Scissor Grip tools, *standard* #D08945 MARK II or *fine* #D08946 MARK II, are the original design attaching tools. Comfortable to hold and easily actuated. Operators say the "scissor-grip" design feels more comfortable for tagging hanging goods.

#D08945 MARK II STANDARD Scissor-Grip

Uses #D08941 Standard Needles
or #D08913 Heavy Duty, All-Steel Needles
Can use fasteners of 50/clip only.

#D08946 MARK II FINE Scissor-Grip

Uses #D08944 Fine Needles
or #D10070 Fine, All-Steel Needles
Can use fasteners of 50/clip only.

Not Responsible For Typographical Errors

The **Buttoneer** tool is useful in many assembly applications: pleating, bar tacking, spacing, closing or joining... any application that benefits from a fast, tight-fitting and economical attachment.

#D06110 MARK III BUTTONEER Scissor-Grip

Uses #D08941 Standard Needles
or #D08913 Heavy Duty Needles
Only uses "Buttoneer"/Button-End Fasteners (48 per clip)

BUTTONEER Fasteners:

D06092	1/4"(7mm)	polyurethane	4 - 5 lbs	Natural	48 per clip	5,000 / box
D06101	3/8"(10mm)	polyurethane	4 - 5 lbs	Natural	48 per clip	5,000 / box

The Buttoneer system is a self-piercing, permanent high-speed attachment that is ideal for many OEM applications. The automotive industry, for example, uses Buttoneer fasteners to attach spacer blocks inside door weather stripping in order to keep it from compressing. Cosmetically, the small size *Button-End* is an added benefit because it is nearly invisible when attached.

Buttoneer (*Button-End*) fasteners are useful in many assembly and packaging applications. Easy to attach, and cost effective, they provide a safer packaging alternative to glue, thread, tape or metal fasteners.

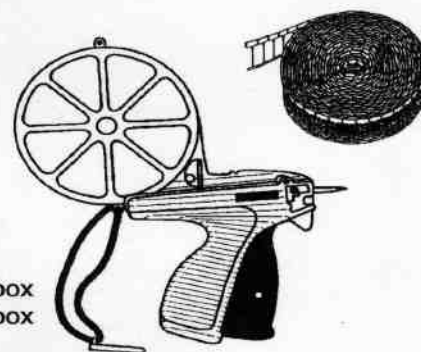

System 1000 tools allow the operator to tag 1,000 garments without reloading. The tool holds 1,000 fasteners [20 X more than ordinary tag attaching tools]. Moreover, System 1000 fasteners have connected paddles, and have no waste strip to discard when the operator is finished.

#D10000 SYSTEM 1000 Pistol-Grip

Uses #D08281 Standard Needles

System 1000 Fasteners with Paddle:

D08284	1" (25mm)	polypropylene	4 - 6 lbs	Natural	1,000 per roll	5,000 / box
D08285	1-1/2"(38mm)	polypropylene	4 - 6 lbs	Natural	1,000 per roll	5,000 / box

Use ONLY Special System 1000 Rolls which have unique "paddle connected" design fasteners. Each roll has 1,000 fasteners which feed smoothly and dependably.

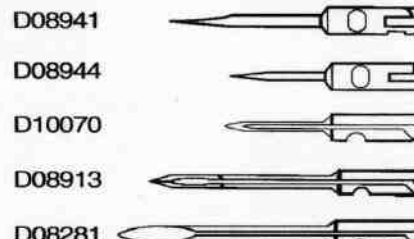

NEEDLES:

The Dennison needle design is fundamental to the Dennison tagging systems. The butt of the needle has a sharp knife to separate fasteners from their clips. Every time you change a needle, you get a new, sharp knife as well, to assure you of efficient tagging.

Dennison needles are finished to significantly reduce the risk of causing holes and snags in fabrics. The all-steel versions add extra strength for tougher fastening applications.

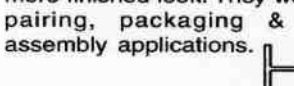

NEEDLES:

D08941	Standard Needles	4 per pack
D08944	Fine Needles	4 per pack
D10070	Fine, All-Steel Needles	4 per pack
D08913	Heavy Duty, All-Steel Needles	4 per pack
D10643	SHD Long, All-Steel Needles	4 per pack
D08281	System 1000 Standard Needles	4 per pack
