

Trusted Care

"I highly recommend Caring Hands Home Health and Rehab for your friends and families home health care needs. I was completely impressed with their professionalism, highly skilled staff and excellent customer service. My Mom's nurse is efficient, knowledgeable and personable. The staff is always on top of everything when it comes to patient care. The staff provides commitment to the patient's safety at all times. Thank you Caring Hands for all your help." - Eva, Illinois 2024

Peace of Mind in Healthcare Decisions

When choosing a health care agency to entrust with in-home care, go with an agency proven to go the extra mile for patients.

All employees undergo our extensive vetting process, including reference reviews, competency training and testing, criminal fingerprint background checks, as well as ongoing training and performance reviews.

Your One Stop Shop for In-Home Care Needs

Whether needing skilled medical care or hourly caretaker services, we offer customized care packages to meet your needs.

Many qualify for services at no out-of-pocket expense. All plans are tailored for your specific care & budget needs.

Licensed. Insured. Accredited.

We are licensed by the Illinois Department of Public Health for 3 separate licenses: Home Health, Home Services, & Home Nursing.

Additionally, we are proudly accredited through the Accreditation Commission for Health Care (ACHC).

What We Offer

Skilled Home Health Care

We are Medicare certified to provide Skilled Home Health Services. Your Home Health care team may include Physical Therapy, Occupational Therapy, Speech Therapy, Skilled Nursing (RN/LPN), Home Health Aide (CNA), and Social Services.

Private Duty Nursing

Private Nursing services are provided up to 24-hours per day (RN, LPN, CNA). Common services include Medication Management, Wound Care, Lab & Blood Draws, Health Monitoring, Family Education, and more.

Private Caregiver Services

Private Caregiver Services (non-medical) are provided up to 24-hours per day, or on a live-in basis. Common services include bathing/hygiene, dressing, meal preparation, light housekeeping, incontinence care, medication reminders, companionship, supervision for safety, and more.
