

## NORTHCREST RANCH VINYL FENCE MATERIALS INFORMATION

Here is the information about the White Vinyl Fence Materials when residents are in need of fence repairs:

### **Material Specifications:**

- White Vinyl
- Rails are 2" thick x 6" wide
- Rail lengths available in 8ft long (connect between 2 posts), or 16ft long (for 3 posts). Note: strongest solution is when connecting 16ft between 3 posts.
- Line Posts are 3-rail type with 11" spacing between rails, dimensions are 5" x 5" x 7ft tall.
- Post caps are "Pyramid" type, 5" x 5"

Please note: some people will try to install rails that are 1-1/2" thick instead of 2" thick, but this does not match original specifications installed by the developer.

### **Material Suppliers & Installers:**

New Caney Fence Company. Contact: Alan. Phone: 281-689-2417 or 281-622-7368

D&D Vinyl (formerly Texas Vinyl) in Magnolia. Phone: 936-271-4333, Contact: Greg or Scott.
