A Corsican Adventure

Our itinerary

Day 1 & 2 - Saturday & Sunday

The tour meets in Folkestone in preparation for our channel crossing using the Euro Tunnel. Using the tunnel allows us to enjoy a speedy crossing (only 35mins) and join straight onto the French motorways to continue our journey through France. Splitting the journey into two days allows for an overnight stop in France where there will be the option to join us for an evening meal and the chance to get to know the rest of the group. Before departing for the south coast of France, we will provide you with a continental breakfast at the hotel. Upon arriving at Tulon, (time permitting) there will some time to explore and have a meal before embarking on the ferry and settling down for the night ready to arrive in Corsica the following morning.

Day 3 - Monday

Upon disembarkation from the ferry we will ensure that everyone has the opportunity to acquire supplies and fuel before the adventure begins. From the port town of Bastia, we will make our way along a mountain road with stunning views back down onto the east coast. As we crest the peak of the mountain, the true diversity of the island can be seen as we look down onto the town of St Florent and the beautifully secluded beaches along the north of the island. Arriving in St Florent for the evening, there will be a chance to settle into your chalet and enjoy the onsite pool and local amenities.

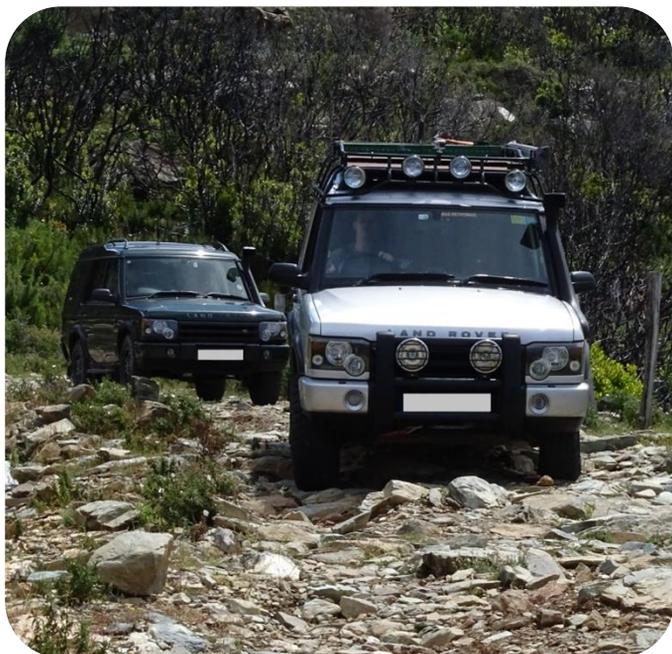

A Corsican Adventure

Day 4 - Tuesday

To break up the driving, we set aside the second day for you to explore the island and its many historical landmarks. We can advise on a variety of locations to visit based on your interests.

Day 5 - Wednesday

This day is exclusively a chance to experience one of the best beaches on the island so pack up your swimwear and a picnic and be prepared to be amazed. As we make the 2hour off tarmac journey down to the beach, you will be teased by glimpses of the crystal clear sea and white sandy beach we are heading for. After the journey to the beach, you will have ample time to enjoy the beach and for the children to burn off some excess energy in the sea before our return journey. During the evening there will be the opportunity to join us at a fantastic restaurant 10minutes from the end of the route.

Day 6 - Thursday

Being the penultimate day of our time on Corsica, we have chosen to give you two options. For those of you who would like to experience Canyoning or a Via Ferrata (both unforgettable experiences) this is the day to do that and we can put you in contact with a company that can arrange this for you. For those who are less inclined to partake in extreme sports, there is the opportunity to undertake a second beach drive to another secluded beach.

Day 7 - Friday

As the last day in Corsica we will take a drive over a mountain road with a lunch stop at the top of the pass. With spectacular views over the town of Lille-Rouse you won't want to head down to the port town of Bastia for our return to mainland France.

Day 8 & 9 - Saturday & Sunday

After disembarking from the ferry we begin our journey back to the UK. Again breaking the journey into 2 days allows us to have an overnight stop in France with an optional group evening meal on the Saturday.
