MAP (Minimum Advertised Price) POLICY

Products purchased from OLLC for sale to the public are to be advertised at the manufacturer's suggested retail price ("MSRP"). The minimum Advertised Price ("MAP") shall be no greater than 25% OFF the MSRP. Wholesalers and Resellers are free to discount prices for OLLC below the MAP (e.g., by advertising a sale, flagging an item as being on sale, providing coupon codes, etc.); however, any such discounted pricing that is less than the MAP shall only be displayed after the product has been added to the purchaser's shopping cart. In sum, any Internet advertising other than the Reseller's "shopping cart" must adhere to the MAP Policy.

Reseller cannot advertise at a price lower then MAP listed price.

Advertising for OLLC products may include percentage or specific dollar amount discounts or rebates. If such discounts result in a net price lower than the MAP Policy price of an OLLC product, then such advertisement will be a MAP violation. If pricing is displayed, any strike-through or other alteration of the pricing implying a price less than the Minimum Advertised Price is prohibited.

For clarification, the following advertising complies with the MAP Policy:

- 1. Advertising without any reference to price;
- 2. Advertising that promises to match or beat prices from competitors; and
- 3. Advertising that offers no money down or delayed payments, unless the advertisement specifies a dollar value for these terms which nets a price that is below Oh Là Là Chéri's MAP list price.
