Fiber Type	100% Recycled Polyester and Natural Hair
Binder Application	Spray
Abrasive Application	Spray
Abrasive	Industrial Diamonds Grit
Color	XXRed
Pack	5 per case

Construction

Made of 100% recycled porko hair and fiber and 100% water based latex resins. Floor pads are designed to be used on one side. Open construction resists loading and clogging.

Applications

This product is used under an auto scrubber or other standard low-speed floor cleaning equipment with water or detergent solutions. For most finish-coated or uncoated flooring including: vinyl, LVT, VCT, ceramic tile, marble, terrazzo, granite and concrete.

Directions for Use

1. Sweep or dust mop floor to remove debris and reduce wear on pad and floor.
2. Install EZ Shine Pad on pad holder, text on pad facing up.
3. Generously wet floor with water or high alkaline degreaser.
4. Scrub floor repeatedly until all or desire amount of coating or floor finish is removed. For best results maximize pad pressure.

Environment Commitment

Porko hair and fiber in our pads comes from 100% post-consumer and industrial recycled waste material.
