

St. John's Preschool Newsletter

Hello All,

How are you? For our families not back yet what support can I offer you? I have done zoom story time during school hours, but I am considering doing a bedtime story time on Tuesdays and Wednesdays. For those of you who would just like to say Hi! I am available and can be reached via the Remind App, email or by phone.

I am excited for our summer program which begins June 8th. We will be taking our classroom outside with lots of messy art & crafts, games and outdoor fun! Please make sure to apply sunscreen on your child before coming to school.

The recent lifting on shelter in place restrictions now allows us to accept previous and prospective families who are going back to work. I will continue to read through Contra Costa Health Department guidelines for when we can allow all our families back.

Along with our current required health measures we will be implementing the most recent COVID prescreening questionnaire as it pertains to our center before your child enters the school. As well as taking temperatures of children before they enter the center and before they leave, we are currently awaiting the arrival of our touchless thermometer. These measures will stay in place until we are directed otherwise. Thank you for your understanding and patience during this time to maintain a safe environment for both our families and staff.

I do believe our partners at Cocokids are still accepting applications to fund childcare for essential families. Parents can apply on their website www.CocoKids.org to see if you qualify.

With love,

Ms. Shonece

Calendar of Events List:

- **NO EVENTS FOR JUNE**
- **MASS GATHERINGS PROHIBITED**

JUNE 2020 SNACK MENU
