Why do I need insurance?

Common risks for interior contractors

- Bodily injury
- Defamation, libel, slander
- Medical expenses
- Third-party property damage

INTERIOR CONTRACTOR CLAIM SCENARIOS:

GL CLAIM EXAMPLES

Third-party property damage: As a plumber, you are hired to fix a leak in a client's home. While working, you accidentally drop a large wrench and severely damage your client's new hardwood floor. General liability insurance protects you against third-party claims of property damage, and would cover the cost to fix it.

Bodily injury: A client hires you to build new shelves in her closet. You rest your drill on the floor while you take some measurements, and when the client comes to check on your progress, she trips over the drill, falling and breaking her wrist. General liability insurance protects you against third-party claims of bodily injury, associated medical costs, and potential legal action.
