EXTERIOR CONTRACTOR CLAIM SCENARIOS

GL CLAIM EXAMPLES

Third-party property damage: You are repairing a brick path that runs through your client's garden. While removing the damaged bricks from the path, you accidentally rupture a sprinkler line, causing significant property damage. General liability insurance protects against third-party claims of property damage, and would cover the cost to fix it.

Bodily injury: You have been hired to clean windows at an elderly client's home. While on the job site, your client trips over your ladder, falling and breaking his arm. General liability insurance protects against third-party claims of bodily injury, associated medical costs, and potential legal action.
