# THOUGHTS FROM THE BOARD by Les Cunningham

I'm a member of the three military organizations that operate out of the Vet's Club. 1) MOAA, 2) American Legion and 3) VFW.

I see the following things that are common to all three organizations: 1) The continual need for new members. 2) The average age of the members is retirement age and older. 3) Younger ex-military members are not beating down our doors to join up. 4) The local Veterans Office says there are 30,000 Veterans living in Lane County. 4) Membership recruitment needs to be done on a regular basis to at least keep up with the attrition of senior members. 5) Potential new members don't see the relevance of participating in Veteran Groups. 6) Membership efforts need to be done by more than just a committee. 7) The more that members get to know each other the higher goes the desire to participate in efforts to improve the existing organization. 8) The organization needs to be run in a more efficient manner. In my experience, people get busier as they get older. 9) We need to answer the question to potential new members as to why it's worth their time to join up. 10) We need to have a steady revenue stream in addition to our dues in order to stay viable, in the same way both profit and not for profit businesses need to generate a profit to cover their mistakes that they engage in as they operate the organization. Not everyone is willing to participate in their organization forever. Not to mention, we wear out for various reasons, and we also move on to different things as we get older.

I certainly don't have all of the answers to the opportunities I've talked about. I do believe that there are answers to the items that I've mentioned. I do know thru my experiences in life that the answers, if there are answers, have to come from the members of the organization. I've found that the first question a new member needs an answer to is "what's in for me?" After they get the answer to that question, then they are willing to maybe help others get what they need to stay being a member.

I believe that the better the members get to know each other, the better the chances of growing a more successful organization. I'm certainly willing to discuss these thoughts with other members, and I look forward to doing so!

## MOAA... What We Do

We, and the national organization, are a non-partisan advocate on military personnel matters, especially proposed legislation affecting the career force, the retired community and veterans of all the uniformed services. Our main areas of emphasis can be found at <http://www.moaa.org/takeaction/>. As a local chapter, we focus more on the local military and veteran community, e.g., supporting the programs of Habitat for Humanity and St. Vincent de Paul that target the Lane County veteran population.

# REMEMBRANCE CEREMONY, 14 January 2026

We held our chapter remembrance ceremony at the January 14th luncheon meeting to honor those who left us in 2025. President Floyd Bard led the ceremony with the assistance of Chaplain Jonathan Landon.

## Remembrance Ceremony Memorial Message

*By Chaplain (MAJ), USA (Ret) Jonathan Landon. Moderately revised from the 2026 MOAA memorial ceremony message.*

Today we pay tribute to fallen comrades, to brothers in arms who served life-long, to a departed spouse and to the spouses, partners and families who upheld and supported them, and served alongside them for many years.

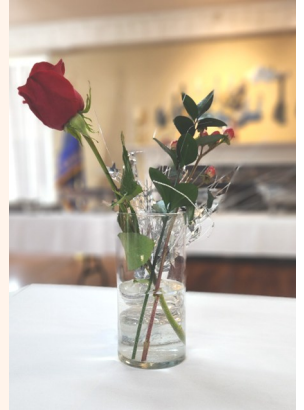

We do so, some would say, to bring closure. I prefer, however, to phrase it differently. Our purpose, it seems to me, is more about acknowledging a change... a passage... Not so much an ending as a change in circumstances.

The bond between those who shared the costs of service to our country and community is strong, and it doesn't end in death. The impact of this shared commitment on our lives is permanent and we will be forever influenced by our relationships with these, our comrades. But the nature of the impact has changed.

Now our task is to incorporate our memories of them into our ongoing service. A substantial part of what makes our own service meaningful is that we are mindful of those who performed it before we did, and of those to whom we have entrusted the task of carrying it forward. In formal remembrance of our comrades, we acknowledge this continuity from generation to generation.

And for those of us who believe that the human soul continues after death, it is a way to renew our friendship, to change – if you will – from being neighbors to being the long-distance friends who have moved away but who remain on our hearts and minds, and remain – to a greater or lesser extent, a part of our lives.

In memory of our comrades, and in ongoing friendship. We honor your service.

## Those we honored:

**LTC Cabot H. Clark**, USA (Ret) passed on 3-5-2025, leaving behind his wife Dianna. He served in 1955 and 1956, 1961 through 1966, and 1981 through 1997. Cab's widow was unable to attend the ceremony, but plans to stay with the chapter and attend future meetings.

**CPT G. "Wally" Johansen**, USA (Fmr) passed 3-23-2025, left behind his wife Sue. He served from 1958 to 1964.

**LTC Earl L. Hain**, USA (Ret) passed 5-27-2025. He served from 1958 to 1983, and as Chapter President in 1989. Earl's partner, Antonia Lewis, attended the ceremony.

**COL Adalbert "Bert" E Toepel, Jr.** passed 12-1-2025, leaving behind his wife of 73 years, Mildred. He served from 1952 through 1979 and served as the Chapter President in 2008/2009. Mildred Toepel and daughter Kathryn, attended the ceremony.

**Franda Nelson**, Surviving Spouse passed in November 2024. She was the spouse of 2nd Lt Michael Nelson, ARNG. who passed away in 2008.

# The Passing of the “World’s Greatest Fighter Pilot”

**TAPS**

COL Richard M Heyman, USA (Ret), MOAA member and Emerald Empire Chapter President in 1977, passed away January 25, 2026. He was due to be awarded the French Legion of Honour on February 23 for his participation in the Invasion of Normandy, where he flew the P-38 Lightning and the P-51 Mustang.

**In 2017, when asked the story of his career, Dick Heyman said:**

“As a patriotic 18 year old high school kid I enlisted as a Private in the U.S. Army two weeks after graduation, a pre-requisite set by my father even though graduation wasn't a guaranty at this time in my education. Field Artillery was first assignment. They didn't need a very light weight 64-inch Private bad enough to keep me, so I was shipped to the Air Corps. I found that with a High School Degree I could take a test

designed for two-year college grads, so I took the 100-question guess test and maxed it luckily. Three and a half months later I started pre-flight training. I had to list my preferences: Pilot, Navigator or Bombardier. I put down, Pilot, Pilot and\_Pilot. It worked, I graduated nine months later, July, 28, 1943, as a 2nd Lt pilot.

I went to Muroc, CA. for P-38 training, then to my outfit that was completing training for combat. We shipped to England on the Queen Elisabeth the end of 1943. We were in combat within a month. My 2nd mission was to Berlin. Two Enlisted Personnel and I were the youngest members of the 364th Ftr. Group... 19-1/2. I was credited with a couple of aircraft victories, a large cargo ship sunk, numerous trucks and several trains destroyed. Luckily they were all enemy. I returned to Zone of Interior end of 1944, having participated in D-Day and support of other Army tasks.

After the war, I was assigned to the only Fighter Group in US with jets, P-59. Horrible airplane. I separated from Active Duty end of 1945, stayed in the active reserve flying P-51s and also operating my Scrap Metal business (Junk Yard). I was recalled to Active Duty November, 1950, and was in Korea within 4 or 5 months. We flew A-26's at night destroying truck convoys mostly, however I did manage to destroy Bed-Check-Charlie. We called him Piss Call Charlie. It was considered a pretty good thing to shoot down an aircraft while flying a Light Bomber at O-Dark Thirty.

The next 13 or so years were spent in several commands in the US and England, mostly flying fighters and a tour in SAC... B-47s. I happily married Barbara in 1960 after a long courtship. Then again off to combat in 1966 flying the F-105 in Viet-Nam. for two more tours of combat where I commanded two different units. After this episode, Barbara said enough is enough, no more combat. I now had over 400 actual combat sorties, 1200 combat missions and had missiles, cannon and machine gun and rocks thrown at me, and enough hit to last my lifetime. I am sure that on every combat mission I was on an Adrenaline High. We finished 32 years Military Service after a tour in Germany and then Air Defense Command in Colorado. What a career: 18 year old kid to 50 year old Colonel with no College credits. We have been retired 43 years and are still up to mischief.”

## **OLD BUSINESS**

### 1. USPHS and USMC Director positions

MOTION: Pat Harris made a motion to install Ron Lehnhnyr to the vacant USPHS Director position. It was seconded by Ken Evans and unanimously passed.

MOTION: Floyd Bard made a motion to install Juhn Abele to the vacant USMC Director position. It was seconded by Les Cunningham and unanimously passed.

### 2. Dates of events at Vets Memorial Bldg for 2026 (Christmas Party – daytime or evening?).

A discussion was held about moving our annual Christmas party to the second week of December and having it start earlier because our members have expressed concern about driving home at night during that time of year. VMA has now set the date for Wednesday, December 9th with social hour starting at 1:30 pm and the meal served at 2:30 pm. The Dublinaires have already stated that they should be able to perform as long as we give them a 30-day notice.

## **NEW BUSINESS:**

### 1. Establishing a new endowment fund

MOTION: Jonathan Landon made a motion to establish a new endowment fund by opening a Vanguard business account for non-profits. We will then deposit the money from our ROTC Scholarship Endowment Fund and use it to fund future scholarships. The motion was seconded by Dick Kimbell and passed unanimously.

### 2. "Spotlights" ideas (learning about our members)

John Toensing suggested that we take the time during a general membership meeting to have everyone write a short paragraph on something unique they have done during their career. Spouses would be invited to do the same thing. The pages would then be collected and shared with the crowd to learn more about each other.

### 3. June Picnic: dates, location, joint?

A. We currently have June 21st reserved at Jasper State Park. That is Father's Day and may present a conflict to some of our members.

B. Joe Snyder, the incoming project officer for this year's picnic, suggested using Lively Park in Springfield: good parking, nearby restrooms, shelters and a close dog park. Reservations cannot be made until March 1st, and Joe will coordinate to get them made. It would cost \$183, about \$100 more than Jasper.

## FEBRUARY SPEAKER

### Captain Dakota Olson-Harris,

I am currently serving in the Army National Guard and have been for the past 15 years. I started enlisted as a tank mechanic then earned my commission as a Combat Engineer Officer. I have two deployments, Iraq and United Arab Emirates.

On the civilian side I work as a counselor providing readjustment counseling for Veterans, current service members and their families.

I am a wife and a bonus mom to four kiddos. We have recently added to our family with a baby girl, totaling five kids. We also have two dogs, Paco and Elsa.

Our family loves to go on adventures whether it's walks, hiking, camping or just going on a road trip to visit family.

#### The Project

Through a carefully crafted blend of healing modalities, empowerment workshops, and personalized development sessions, our retreats offer a profound journey of self-discovery and growth specifically for military women.

We understand the unique challenges faced by women in the military community, and our programs are designed to address these challenges, fostering resilience, confidence, and a renewed sense of purpose.

Our team of experienced facilitators and mentors creates a supportive and nurturing environment where participants can explore their innermost selves, heal from past traumas, and unlock their full potential.
