The Cliff Hanger sits right next door to the Belgrade home that was designed and built by Rozier Designer Homes / RJRZ Group. The Belgrade home was sold to a very happy new homeowner.

Rozier Designer Homes LLC has built many homes over the years, and we are also an award winning home designer in the 2003 Cleveland Citi Home Aroma.

Its time to start picking out your flooring, cabinetry, paint colors and carpet for the basement, tile for the bathrooms and many other items to add to your new home and / or upgrade your kitchen appliances.

HUNTINGTON BANK

On the execution of a contract an Initial down payment of \$5,000.00 is required to hold the lot to get started. This is the season for new construction so be the first to hold your future home site.

Rozier Designer Homes LLC or (RDH) will then post on the MLS that a sell is pending for your location. It should take approximately 2 weeks for construction loan approval and to setup scheduling with RDH

The lot is then sold and transferred to the buyer under an agreement for RDH to build that home on that lot.

After final upgrades and/or selections, the buyers shall sign an agreement for the final price and submit a 10% down payment of the final full price, which shall go towards materials and labor.

The Buyer shall then purchase the lot from the builder under an agreement and that the Buyer agrees that Rozier Designer Homes LLC shall build the Cliff Hanger home on the Buyers lot based on the agreed blueprints and material selections.

The Builder shall then commence construction and receive a total of five draws from Huntington Bank based on the amount of construction completed.

Each draw is based on the Banks inspection and appraisal, the city Inspector's sign off and approval and the Buyers sign off and approval to receive each draw. It shall take approximately 6 to 9 months to complete the home unless a unforeseen occurrence should happen out of the control of the Builder (RDH)
