

THE FOREVER JEWELZ FOUNDATION

2025

Impact Report

6 MONTHS OF
PIVOTAL
PROGRESS

Six months *in numbers*
Together with our donors,
partners, and volunteers, we...

\$1,700

Received
in funding from
our sponsors

\$1,892

Raised for our
annual 5k
race for NEC
awareness

3,255

People have learned about
Necrotizing Enterocolitis
(NEC) — a number that
represents awareness, hope, and
the power of community.

209 Families

Have Been Served Through Community Initiatives

In honor of **NICU Awareness Month(September)**, we were able to bless **5 incredible families at Sentara Northern Virginia Medical Center** in a Level II NICU with heartfelt care packages — a small reminder that they're not alone on this journey.

This effort was made possible through our collaboration with
Project Sweet Peas

Since launching on November 11, 2025, the **Jewelz Beyhive** Initiative has already touched the hearts of **204 families at Inova Fairfax Hospital a level IV NICU** — providing hope, resources, and support during their NICU and NEC journeys.

Message from the Founder

“

In just six months, The Forever Jewelz Foundation has blossomed beyond measure!

We're only getting started, and our hearts remain eager and ready to continue serving our community with love and purpose!

~Jocelyn Duvall

”

“Protecting Tiny Tots Gut Health.”

Established six months ago, **The Forever Jewelz Foundation** is dedicated to improving the lives of NICU families affected by **Necrotizing Enterocolitis (NEC)** by providing critical resources and education during one of the most vulnerable times in a family’s life.

Through awareness initiatives, advocacy, and compassionate community support, we work to promote earlier detection, improve outcomes, and ensure families are not left to navigate the challenges of NEC alone.

Our vision is a future where every NICU family impacted by NEC has access to timely education, meaningful support, and hope—empowering parents, strengthening care, and honoring every child’s journey.

Our Sponsors

Looking ahead

In 2026, ***The Forever Jewelz Foundation*** will deepen its commitment to supporting NICU families affected by Necrotizing Enterocolitis (NEC) by expanding access to financial assistance, strengthening education and awareness initiatives, and growing hospital and community partnerships—ensuring earlier detection, improved outcomes, and sustained hope for families navigating the NICU NEC journey.

“Hope still buzzes- because no NEC family should ever walk this path alone”
