WHO WE ARE

The StFX Pre-Law Society is a student-run organization dedicated to fostering a community of aspiring lawyers, policymakers, and justice-oriented professionals. We aim to provide our members with opportunities to learn, network, and develop the skills essential for future success in the legal field.

OUR GROWTH

In just a short time, we have grown into a society for students with a passion for law and advocacy. Our planned initiatives include guest lectures, alumni panels, workshops, and introductory law activities. Looking ahead, we plan to expand with moot court activities, law school visits, and more.
