

# Baseball for Dad

Starting in 2019, our family started placing ball gloves around the world to honour Mark who passed away from suicide after his battle with mental health brought on by PTSD. The intention is to raise awareness and eliminate the stigma of mental health and suicide within our communities. Please let us know you have found this glove by following the steps below.

## 3 Strikes Once You've Found a Glove

**Strike 1** - Take a picture, share you've found the glove. The more we share on social media the more we're talking and creating awareness

**Strike 2** - Keep the glove if you would like

**Strike 3** - If you don't want/need the glove. Place it in a new location, take a picture and share it on social media!

**STIGMA YOU'RE OUT OF THERE!!**

**Mark Snider**

**6/24/90 - 05/05/19**
