- 30.English Master Pleasure(W/T)

31.Slow Race

Wine "Race" \$1 Entry (21+) (no horse required)

Red Light, Green Light: The riders line up and wait for the "green light". They race as fast as they can towards the other side of the arena until they get the "red light". Then they have to stop as quickly as possible. Last rider to stop is out. **WALK TROT ONLY FOR SAFETY!**

Slow race: This race can also be performed at any gait – the slowest horse to cross the finish line wins. No halting or breaking gait!

Lead line Bucket Race: The object of this game is simple – drop the item in the bucket. Riders begin at the starting line and race towards a bucket while holding an item. They drop the item into the bucket and race back towards the starting line.

Musical Stalls: Using jump poles, set up "stall" spaces in the ring. Similar to traditional "musical chairs" the game is played as the riders circle the "stalls" while music is playing. When the music stops, riders must scramble to park their ponies in a stall space.

32.Musical Stalls

Prize Walk \$1 entry (no horse required)
