

The Hills of Kingswood Phase I

Directions

The Hills of Kingswood

The Hills of Kingswood is a 333-acre single-family residential development. The variety of home sites range from a semi-custom product to a true custom product.

One of the unique characteristics about Kingswood is its rolling terrain, with spectacular tree top views. Kingswood sits among some of the highest points of the city of Frisco. Numerous natural settings enhance our home-sites at various locations in our custom product.

The grounds offer large greenbelt areas, 12ft hike and bike trails with a private-natural preserve park. Adjacent to the park is Stewart Creek, with its stream of running waters. It attracts an abundance of wildlife enhancing the dream of building a home. Although tucked away from traffic, Kingswood is only 10 minutes from Legacy Business Park, Shopping, Medical buildings, Ball Parks, etc. Drive through our private gates and look around.

For additional information go to www.thehillsofkingswood.com. Please contact Sharon Webb at (214) 212-2004 (Cell) or (972) 960-9941 (Office).
