Tuesday, April 19th, 2022

Dear Newstead Parents,

Please be advised that York Region Public Health has issued new directives today in response to the increased number of COVID-19 cases in our community.

While masking remains optional, York Region Public Health now strongly recommends that all staff and visitors to child care centres wear a mask while inside the premises.

We would also like to remind everyone to please continue to complete the COVID-19 screening on a daily basis. We have integrated our screening questions into HiMama; you may now complete the daily screening within the app before you sign your child in each day. If your child does not pass the daily screening, please follow the appropriate isolation guidelines.

Thank you for your continued cooperation. As always, please do not hesitate to reach out with any questions or concerns.

Best Regards,
Newstead Academy
