Friday, March 18th, 2022

Dear Newstead Parents,

On March 9th of 2022, Ministry of Education has announced the lifting of Health & Safety Measures in schools, which includes childcare centres. The lift includes the mandatory requirements of masking, cohorting, social distancing, screening, and disclosing of vaccination status for children and/or staff.

In response to this announcement, we will be sending a package of 6 Rapid Antigen Tests home with each enrolled child. If your child becomes symptomatic, we kindly ask that you keep him/her at home and administer the tests accordingly. The following conditions should be met for a symptomatic child to return to childcare: 2 negative test results yielded 24 hours apart, fever-free without the aid of medicine for 24 hours, improved respiratory symptoms for 24 hours and/or gastrointestinal symptoms for 48 hours.

Due to the increased risk of COVID-19 exposure during the March Break, we are strongly encouraging our staff to continue with masking and taking other precautions measures until further notice.

If you have any questions or concerns, please do not hesitate to speak with our management team.

Best Regards,
Newstead Academy
