D³s' prices reflect the base pricing for our basic service & movement overhauls of a previously well-maintained clocks with no significant repair issues or other complications. ++ Repairs above and beyond normal overhaul will be charged on a time-and-materials basis and/or see

special charges. No repairs will be performed without providing a good faith estimate up front, and our work is guaranteed (See Terms & Warranty pages for more details). All Major Credit Cards, Cash, Check, in person or online. At D³ we are committed to making long term relationships with you and your family's heirlooms for years to come so we are often understanding and can/will work with you in any arrangement if needed. We want to ensure your heirloom will stay working and in great condition for years to come so that your clock maintains or gains value as well as being the centerpiece of your home. Prior Authorization for Credit Cards and/or down/Initial payment may be required at the time of drop off/pickup.

All specialty and unusual clock work will be quoted on an individual basis. New or newer movements by quotation. Additional Charges D³ Clockworks will obtain customer Authorization prior to commencing with initial repair. We will always be up front with our customers to ensure the highest quality of customer service. The **key to ALL** good relationships is constant communication! We hope that all of our customers and their heirs will have a long and standing relationship with us and our family for many years to come. All our work is Guaranteed (See Warranty/terms).

"If you don't ask, the answer will always be NO!"

* Our regular service area includes all of Fresno, Madera, Kings Counties. House calls to locations outside our regular service area may incur additional travel charges.

**Basic service (Service #1) is only for those clocks that have been previously serviced by D3 on a semi-annual basis or a clock that has been working and have no problems visually. Any clock that does not meet this requirement may be referred to the next service plan.

***A working clock is one that is in beat, stays in beat for a minimum 30 day period.

+Prices in effect January 1, 2023 (Prices subject to change)

D³ – Limited Warranty & Terms.

Limited Warranty

Overhauled metal clock movements are warranted to perform for a period of one year from date of completion of work without defects of material or workmanship with the following exceptions:

- Breakage of any springs, weight cables or chains, and damage caused thereby;
- Evidence of tampering or alteration to the work performed by D³ Clockworks.

Partial repairs are warranted for one year only to the extent of the work performed. Exceptions above apply.

No performance or durability warranty is made for wooden clock movements or parts.

Service charges for unauthorized repairs will not be paid by D³ Clockworks. D³ Clockworks cannot be held liable for damages not directly connected to the work it performs.

Terms

1. Anyone submitting a clock to D³ Clock Works alleges to be the owner or authorized agent of the owner of the clock and releases D³ Clock Works from any liability for said clock except as agreed by these terms.
2. Cost estimates are good faith estimates based on initial examination of the clock upon receipt, and D³'s standard pricing for typical services. If additional work is required which would add 15% or more to the original estimate, D³ Clock Works will obtain approval for the additional charges before the work is to commence.
3. Delivery estimates are good-faith estimates based on the lead times in the shop at the time the work is submitted. D³ Clockworks cannot be responsible for unforeseen delays. A 30% rush charge may be applied to work needed sooner than the standard turnaround quoted at the time of submission.
4. Unless previous arrangements are made, full payment is due upon completion of work. The clock may be retained by D³ Clock Works pending full payment and others fees may apply after notification of completion.
5. Clocks which remain unclaimed longer than 30 days past the notification of completion of work are subject to storage/service/notification fees.
6. Pursuant to California law, in the event any charges remain unpaid 1 year following the completion of the work, D³ Clockworks may, but is not obligated to, sell the clock at public or private sale. Although the clock may be sold it may or may not be enough to cover the total cost of the final bill. The remaining balance if positive will be held for customer pickup and if there is a negative balance the total balance will reflect the sale of the item and collection will continue pursuant to Cal Code of Civil Procedure.
7. In the event of non-payment, the customer shall be responsible for all costs of collection, including reasonable attorney's & collection fees.
8. D³ Clock Works nor its agents accept any liability for loss or damage to the receipted clock or articles resulting from shipment, transportation, fire, theft, or any other cause beyond its control. In no event will D³ Clock Works liability exceed the current replacement value of the item.

D³ Provides a variety of clock repairs, services, and sales. Every clock is different and may require different services. For starters, it is important to have your clock serviced every three to five years as a matter of regular maintenance. This is a standard oiling and adjustment service that keeps your clock on time and properly lubricated.

For clocks that need full-service repairs, we provide a complete overhaul of the clock mechanism, which is our preferred and most popular service. This repair includes a complete disassembly of the mechanism, a deep cleaning in an ultrasonic cleaner, replacement of bushings with brand new bronze bushings, and any other odd repairs that are necessary. This process can encompass any combination of services.

- Bushing replacement
- Case refinishing
- Click spring replacement
- Custom manufacturing of parts
- Dial repainting
- Gear cutting
- Glass repair
- Glass replacement
- Main spring replacement
- Pinion manufacturing
- Pivot replacement
- Polish pivots
- Porcelain dial repair
- Ultrasonic deep cleaning
- Wood repair

We also can convert your antique clock into a battery-powered unit upon request. Be sure to ask us about the pros and cons of a conversion!

D³ is Another NICE Option for clock repair in Fresno/Clovis areas of California!

If you're having issues with your clock, it's time for you to call D³! You can count on us if you're in need of clock repair in Fresno/Clovis areas as well as surrounding counties. We're more than capable of repairing many types of clocks, including:

-- D³ Clockworks & Deitz Designs are affiliates of Deitz Enterprises, Fresno Calif. (D³ meaning=Don't Doubt Deitz. The nick name Given to me from a dear friend after she was told that Mr. Deitz could fix anything. Well, she soon learned and discovered my many hidden talents using my mind, hands and spirit. (Oh and of course what would I do without YouTube or the internet.) Seriously though, I have many years' experiences in woodworking, general contracting, and repairing so many things for my friends and family. Mr. Deitz also is a robotics teacher which allows him to educate his students on both building and repairing metal robots.

So.....the Triple D nick name stuck, and I decided that's what my wife said should be the name of the clock business! D³ – Don't doubt Deitz! If you can bring it or get it to me, I WILL FIX IT!
