December 19, 2016

Dear Silver Creek Township Neighbor:

We want to thank you for being our customer. We are proud to serve Silver Creek Township.

Many Silver Creek residents have been asking for commingled recycling service with a cart. The Township Board approved this new, enhanced service. The carts will give you more room for all your recyclables including cardboard. The attached lid keeps the Township cleaner and the wheels make it easy to roll to the curb.

We will be delivering your new 65 gallon recycling cart on December 27th or 28th. This cart is like your refuse cart, which has a tan lid and is labeled RECYCLING. If you have a Silver Creek Township recycling bin, you can keep it or return it to the township. If you have a West Central Sanitation bin, please have it available for us to take on December 27th and 28th. Please only use your new recycling cart when bringing your recyclables to the curb. Your normal recyclables; glass, cans, paper, plastic can all be placed together in the cart. You will need to place your cart, just like your current refuse cart, three feet from any object, with the lid opening towards the street.

For Residents currently serviced on Thursdays

Your week for every-other-week recycling service is changing effective January 5, 2017. We will be servicing you on that date and then every-other-week thereafter.

For Residents currently serviced on Wednesdays

Your day of service will be changing to Thursday. The first day for Thursday every-other-week recycling service will be on Thursday, January 5, 2017. We will be servicing you on that date and then every-other-week thereafter. If you have refuse service with West Central Sanitation, refuse service will be moving to Thursdays as well, effective Thursday, January 5, 2017.

For future reference, enclosed is a recycling calendar with the guidelines and your updated recycling schedule for 2017.

If you do not have refuse service with us, please check out those services as well. Our monthly, **total** price including all taxes and fees for those services are:

35 gallon weekly service: \$18.69

65 gallon weekly service: \$21.55

95 gallon weekly service: \$24.43

Call us today with any questions or to find out more; 1-800-246-7630 or email us at jeffbertram@wcsanitation.com.

Have a Merry Christmas and a Happy New Year!

Sincerely,

Don Williamson
