**Tuesday August 20, 2024**

**Attendance**

Maintenance Department:

Chris Klein

Blake Paumen

Supervisors:

Mike Helman

Brandon Geyen

Ryan Nelson

Sandy Forsman

**Discussion Items**

-High and low priority overlay projects for next season were evaluated: 134th and Dempsey, 128th, 140th (west of co rd 8), 142nd and Dillon, Armitage (from 97th to 90th)

-Potential chip seal to be added to select asphalt and gravel roads: Bishop, 134th (dead end), 116th and Ferman, Franklin (dead end), 150th, 144th and Ellingwood, 105th and Amery.

-Compared asphalt vs chip seal in turnarounds, attendees questioned if asphalt has better integrity in turnarounds compared to chip seal.

-Discussion about the possibility of creating an ordinance pertaining to road damage, specifically due to unloading equipment on hard surface roadways.

-Plugged and failing culverts were evaluated, questions arose if the responsibility of certain driveway culverts falls on township or resident, will be discussed at future meetings.

-Tree trimming and clearing in the road right of way that is to be done: Cushing, 120th, Ferman, 145th, 123rd.

-Letters to be sent to select residents regarding concerns were noted
