Welcome to our tenth annual Namken Red Angus Production Sale! This marks the twenty first year of selling Red Angus bulls. Thank you for all that have expressed interest in our program over the years. It was very humbling last year as we had the largest sale day crowd we have ever had.

The bulls are raised the same standards as they always have been, mommas milk and no creep feed on summer pasture. Something I haven't touch much on in the past, is our cow management plan. Cows are given a Bovishield Gold before going to grass and on a salt and mineral program year round. NO fancy additives before calving to promote more rich colostrum, NO fancy mineral shots, NO fly control, NO lice control (lets be honest, does it really work long term?) in the cow herd. Treatment of the cow herd this way will result in a calf weaning that will either make the cut or be cut. Cows that aren't producing up to par are culled. We try to run our cows as if they would be ran as commercial cows. This will result in genetic lines with greater longevity for our customers and a greater return on investment. With this being said, rest assured your future herd sires have been FULLY vaccinated, wormed and deloused. Calves are given shots at birth, branding, and two rounds in the fall and poured three times in the winter.

Cooperator, P4 Ranch, has a great set of bulls again on the sale. This will be the only group of bulls sired by the Forster Widescreen F262 bull as he was lost after this crop was sired.

Again we are offering a set of purebred replacement heifers. These heifers are a solid set that will go out and make honest brood cows. This group offers a cross section of our sires used. All heifers will be palpated and guaranteed breeders before the sale.

We would love to see you February 27th 2022 or before! Videos will be available on DvAuction or on our website one week prior to the sale. If you can't make it to the sale, it will be broadcast on DvAuction. If you have any questions about the offering, please don't hesitate to call. We hope to see you on the 27th!

Sincerely,

Jared & Lacey Namken

SEMEN TEST Every bull will pass a semen test before it leaves. Bulls will be tested AFTER the sale.

SEMEN INTEREST Namken Red Angus will retain 1/2 revenue generating semen interest in every bull in the sale. Buyer has 1/2 semen interest, full possession and salvage value.

DELIVERY Delivery on bulls will start around April 1, after they have passed a semen test. Bulls will be delivered the first 400 miles for free. Heifers are buyers responsibility to be picked up.

VOLUME DISCOUNT We will give a 10% discount on the 10th bull purchased from Namken Red Angus over any period of time. This allows even the smallest buyers to receive volume discounts! For your convenience, Namken Red Angus will keep track of your number of purchases.

TERMS The terms of the sale are cash and the right of property shall not pass until after the settlement is made. All settlements must be made immediately following conclusion of the sale as no cattle will be released until settlement has been made.

CONDITIONS All cattle sell according to the suggested Terms and Conditions of the Red Angus Association of America.

PURCHASER'S RISK Each animal becomes purchaser's risk as soon as the auctioneer says sold.

ANNOUNCEMENTS Any announcements or changes stated from the auction block will take precedence over any printed material. We are human and do make mistakes however, we will correct them to the best of our ability.

A black red carrier bull that doesn't lack performance. He has the highest ADG on test. He is a full brother to last year's high seller. Dam is a donor dam in our ET program that has numerous productive daughters in the herd. The 33D daughters are averaging 105 for nursing ratio. Keep the daughters! Maternal brothers have sold to Boettcher and Schafer.

When you stack Endorse, Make Mimi, Shoco Data, and Cornerstone, certainly what you would expect, performance. Not sure if I have ever made one any longer sided. One that would fit the Bonsma model. One that will add payweight and produce capacious daughters that should have gorgeous udders and have great stayability. Over 800lbs at weaning without creep feed. Top 10% Stay EPD.

A bull correct in his lines that is hard to fault. We brought back Shoco Data for the maternal and longevity. Dam is coming 17 this spring. If you are wanting to add longevity and maternal to a cow herd, add this guy to your bull battery. Maternal brother to lots 40J and 59J. Stay EPD in the top 5% of the breed.
