*Welcome* to our eleventh annual Namken Red Angus Production Sale! This marks the twenty second year of selling Red Angus bulls. We would like to thank everyone who has expressed interest in our program all these years allowing us to pursue our dreams.

With pounds mattering whether your calves walk across the scale or are hung on the rail I would like you to take a closer look at the offering. Many of these bulls have growth traits within the top 20% of the breed. All animals in the sale except for a couple have Genetically Enhanced EPD's for greater accuracy. We feed out our commercial calves along with the registered calves that do not make as replacements. We'd like to remind you that we started in the commercial business first and then entered the registered breed. We believe that our cattle must have a dam that will raise them without supplementation on grass and they must grow and finish at a respectable weight in the feed lot.

Cooperator P4 Ranch has another great set of bulls in the offering. These are sired by their new herd sire, Forster Outlander G030. We back these bulls the same as our own so you can bid with confidence.

We are once again offering a set of ten registered replacement heifers. These heifers should grow into an honest set of cows for their new owners. These heifers represent a cross section of the sires we use. These females will be palpated and guaranteed breeders before the sale.

We would love to see you on February 26th, 2023. If you cannot make the sale, bidding is available on DVAuction. Our website will have videos approximately one week before the sale. If you have any questions, please do not hesitate to call. If you are ever in the area, please stop in for a tour, we would love to show you around. We hope to see you on the 26th!

*Sincerely,*

*Jared & Lacey Namken*

**Supplement sheet with sale order, ultrasound data and scrotal measurements available sale day.**

**SEMEN TEST** Every bull will pass a semen test before it leaves. Bulls will be tested AFTER the sale.

**SEMEN INTEREST** Namken Red Angus will retain 1/3 revenue generating semen interest in every bull in the sale. Buyer has 1/3 semen interest, full possession and salvage value.

**DELIVERY** Delivery on bulls will start around April 1, after they have passed a semen test. Bulls will be delivered the first 400 miles for free. Heifers are buyers responsibility to be picked up.

**VOLUME DISCOUNT** We will give a 10% discount on the 10th bull purchased from Namken Red Angus over any period of time. This allows even the smallest buyers to receive volume discounts! For your convenience, Namken Red Angus will keep track of your number of purchases.

**TERMS** The terms of the sale are cash and the right of property shall not pass until after the settlement is made. All settlements must be made immediately following conclusion of the sale as no cattle will be released until settlement has been made.

**CONDITIONS** All cattle sell according to the suggested Terms and Conditions of the Red Angus Association of America.

**PURCHASER'S RISK** Each animal becomes purchaser's risk as soon as the auctioneer says sold.

**ANNOUNCEMENTS** Any announcements or changes stated from the auction block will take precedence over any printed material. We are human and do make mistakes however, we will correct them to the best of our ability.

**LIABILITY** Neither owners, sale managers, auctioneer, clerks nor anyone connected with this sale in any way assumes responsibility, legal or otherwise, for damages of any kind.

Power, eye appeal, great feet, width of base that follows up to wide pin set and hip, plenty spring of rib. 10K's sire, Prosperous, stamps them consistent. Prosperous sires width of base, spring of rib, hip and pin width and best of all producing daughters that work. Dam is a ET Theta daughter from the 29T Endorse mating with great feet, teats on all four corners of her udder and posts a 102 MPPA. 10K has WW and YW ratios of 104 and 106. WW and YW in the top 20% of the breed and Stay top 15%. Imagine the versatility of the mating possibilities of this pedigree.

A high performing Elevate son with WW and YW ratios of 115 and 109. Dam is a result of a flush Shaggy Meadows and I teamed up and bought from Arrowsmith. Neither one of us has regretted the purchase yet. We are excited for the future of this young female. Suitable to use on heifers.

An ET bull from the old 15R donor. This will be the last group of calves from her as we sold her this spring at 17 years old. Certainly a bull that is three dimensional that will add capacity, base width and length. Should produce females with longevity. WW, YW, CW in the top 15% of the breed along with Stay in the top 1%.
