This sale will be broadcast live on the internet.

DVAuction

Broadcasting Real-Time Auctions

Real time bidding & proxy bidding available.

Welcome to the twelfth annual Namken Red Angus Production Sale! What a roller coaster of a year it has been. Winter was brutally cold with a lot of snow. Summer somehow became the opposite with lots of heat and very little rain. Thankfully towards the end we caught some timely rains just in time to save pastures and fill crops. Fall proved to be extremely mild, which worked great for fall grazing. This winter has been the polar opposite with very little snow so far and fairly mild temperatures other than a few weeks of extreme cold temps in January. This adverse environment has shown exactly why it's so important to be choosing genetics that provide balanced cattle.

First and foremost, the cow has to be fertile and must exhibit maternal ability. Second, she needs to wean a calf at a respectable weaning weight without creep feed on grass. We are also in the commercial cattle business and every calf that doesn't make the bull sale or female that doesn't make the replacement pen is fattened and sold as a fat animal. With that being said, the animal has to be able to hang a respectable carcass weight when finished. Whether you sell your animals across the scale or hang them on the rail, the base of this is always pounds. For this reason our focus has always been blending maternal and growth. I believe this offering exhibits these traits.

Two years ago, we selected three new herd sires from three reputable breeders in Canada with similar goals to ours. These sires have all lived up to their expectations and I believe the animals in this offering will further your herd in the same direction as ours.

With good cattle prices and low cow numbers, the future looks bright for the cattle industry. We would like to thank everyone that has shown interest in our program. Your continued support of our program over the years has allowed us to raise our kids with cattle.

We would love to see you February 25, 2024. If you cannot attend the sale, bidding is available on DVAuction. If you have any questions, please feel free to contact us. If you are ever in the area, we'd love for you to stop in for a tour anytime. We hope to see you on the 25th!

Sincerely,
Jared & Lacey Namken
Paisley, Cooper & Presley

DIRECTIONS From Watertown, SD: South on US Hwy 81 until the Hwy 81 and SD Hwy 21 Junction, keep going 1 mile south (to 189th St), then 1¼ miles east. From Arlington, SD: North on US Hwy 81 until the junction of SD Hwy 28, keep going 3 miles north (until 189th St), then 1¼ miles east.

RED ANGUS ASSOCIATION OF AMERICA

Cory Peters 402-418-2351

Supplement sheet with sale order, ultrasound data and scrotal measurements available sale day.

SEMEN TEST Every bull will pass a semen test before it leaves. Bulls will be tested AFTER the sale.

SEMEN INTEREST Namken Red Angus will retain a 1/3 in herd semen interest in every bull in the sale. Buyer is buying 2/3 semen interest, full possession and salvage value.

DELIVERY Delivery on bulls will start around April 1, after they have passed a semen test. Bulls will be delivered the first 400 miles for free. Heifers are buyers responsibility to be picked up.

VOLUME DISCOUNT We will give a 10% discount on the 10th bull purchased from Namken Red Angus over any period of time. This allows even the smallest buyers to receive volume discounts! For your convenience, Namken Red Angus will keep track of your number of purchases.

TERMS The terms of the sale are cash and the right of property shall not pass until after the settlement is made. All settlements must be made immediately following conclusion of the sale as no cattle will be released until settlement has been made.

CONDITIONS All cattle sell according to the suggested Terms and Conditions of the Red Angus Association of America.

PURCHASER'S RISK Each animal becomes purchaser's risk as soon as the auctioneer says sold.

ANNOUNCEMENTS Any announcements or changes stated from the auction block will take precedence over any printed material. We are human and do make mistakes however, we will correct them to the best of our ability.

LIABILITY Neither owners, sale managers, auctioneer, clerks nor anyone connected with this sale in any way assumes responsibility, legal or otherwise, for damages of any kind.

VIDEO Videos may be viewed at www.namkenredangus.com or www.dvauction.com

View the Auction Live!

Bid Online... you're ringside right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.DVAuction.com under the "Register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction – a DV representative will notify you once you have been approved.
3. Tune in for the sale to may your purchases!

High Speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy-bidding – if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

How the Black/Red Carrier gene works (theoretically):

COW	BULL	PROGENY
Purebred Black Angus Cow (No Red Genes, Homozygous Black)	Black/Red Carrier	100% Black
Black Crossbred Cow (Black Hide but Red Gene, Heterozygous Black)	Black/Red Carrier	75% Black 25% Red
Red Cow (No Black Genes, Homozygous Red)	Black/Red Carrier	50% Black 50% Red

Reg.: Red Angus As
Registration Num

Lot Number
Animal Name

Milk: Milk predicts differences in a weaning weight attributed to the milking ability of the animal's daughters.

YW: Yearling Weight predicts differences in 365-day yearling weight.

WW: Weaning Weight predicts differences in 205-day weaning weight.

BW: Birth weight predicts differences in actual birth weight of progeny.

CED: Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams.

Marb: Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib.

CW: Carcass weight predicts differences in actual hot carcass weight.

REA: Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib.

Fat: Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs.

ADG: Average daily gain predicts differences in pounds of gain per day.

Yearling Weight Ratio

CE Score: Calving Ease Score.
This is our recommendation based
on the pedigree and data.
★ Use on cows
★★ Use on larger framed
heifers
★★★ Suitable to use on all heifers

ME: Maintenance Energy predicts the
difference in maintenance energy
requirements.

HPG: Heifer Pregnancy predicts
differences in the percent of
daughters who are able to conceive
and calve at 2 years of age following
exposure to breeding.

Stay: Stayability predicts differences
in the ability of animals' retained
daughters to remain productive in
the herd-calve every year-through 6
years of age.

CEM: Calving Ease Maternal predicts
differences in the percent of
daughters who are able to calve
unassisted as 2-year-old heifers.

AOD: Age of Dam at weaning.

MPPA: Most Probable Producing Ability is an
estimate of a cow's future productivity for
a trait (such as progeny weaning weight
ratio) based on her past productivity.

WDA: Weight per Day of Age is the weight
gained per day since birth.

Average Daily Gain is a
measurement of daily weight
over a specified period
of time.

Here is a bull that has been a standout all summer. He posted a 105 WW ratio, and a 102 YW ratio with the 3rd heaviest ADJ YW. His productive dam, 109E, comes from the Sierra cow family with a 104 MPPA. She has a gorgeous udder with great teat placement and a good set of feet. His sire, Magellan, did a fantastic job on his first calf crop and we can't wait until his daughters enter production.

Here is the natural mating of Executive and 227F. This bull has been a standout for growth all summer and hasn't missed a beat since weaning. He ratioed 112 for WW, 112 for YW, the largest YW, the highest ADG with a 111 ratio and highest WDA with a 111 ratio. His added bone, wide base width, powerful hip and length will change a set of feeder cattle. His beautiful dam, 227F, has a 105 MPPA and is leaving her mark here. His sire, Executive 42J has a full lineage of cow power maternal producers in his pedigree. The daughters from 132L may be his best asset. Full sibs sell as lots 11 and 14. **Black red carrier.**

Registered Heifers

Here is this years offering of ten registered replacement heifers. These heifers will be palpated for reproductive soundness and bangs vaccinated. They should all make great productive cows and have been cycling for quite some time. We would like to keep them all but simply don't have the room. Don't miss this opportunity!
