Real time bidding & proxy bidding available.

Welcome

to our eighth annual Namken Red Angus Bull Sale! This marks our nineteenth year of selling Red Angus bulls. We would like to thank all our new and repeat customers for your interest in our program. Without your support we wouldn't be able to raise our family doing what we love, raising Red Angus cattle.

This year's group of bulls and females is something to be excited about. There are many new sire groups that are outcross to many programs throughout the country. One of these is Namken Resource 33D. He is sired by SAV Resource 1441, one of the most dominant bulls in the Angus breed for consistently siring cattle with power, fleshing ability, and productive daughters. This may be the largest offering of red SAV Resource 1441 influenced progeny to sell in the Red Angus breed in the country this spring. Another new bull is ARO Trailblazer 7104. Trailblazer is doing just what he was purchased to do, sire long sided progeny with great performance. Another bull we purchased is ARO Prosperous 7145. Prosperous was added to the herd sire battery as a bull that will add base width, a wide hip and pin set, add a bold rib, and still have great performance in a moderate package. The last bull we purchased was from Saskatchewan, Red Flying K Hard Drive 83E. 83E was added as a low birthweight sire to use on heifers that wouldn't sacrifice power or capacity. He has certainly met this criteria. A wise old man once told me "if you find a good one you better buy him whether you need him or not." That is exactly what happened and we are grateful we found the bulls we did in 2018. These bulls have taken our program closer to our goals, maternal cattle with good performance while continually building the cow that will graze more days throughout the year with less pampering. Our cows graze in a rotational grazing system with 75% of our pastures being tame grass and the rest being native pastures. No creep feed is used on summer pasture to allow the cows to express their true milking ability. The bulls were weaned September 19 and developed on a 46Mcal ration by Josh Nelson from J&R Feeds for longevity. These bulls will not be fleshy, but they will be in working condition when delivered.

On the female offering again this year we are offering 10 elite purebred females. These are straight out of the replacement pen and nothing has been sold as we did not participate in any fall or winter sales. Also don't miss the commercial replacement females from Arlen Boehnke and Adam Hartley. This a fancy group that will make the new owner a great set of brood cows.

We sure hope you are able to attend February 23 but if you are not able, we certainly understand. New this year the sale will be broadcast online with DVAuction. After last year's weather we decided we really needed to be online. Instructions can be found on page 3. If you have any questions on this or anything in the offering please don't be afraid to contact us. We hope to see you Feb 23 at 1PM!

Sincerely,

Jared, Lacey, Paisley & Cooper Namken

DIRECTIONS From Watertown, SD: South on US Hwy 81 until the Hwy 81 and SD Hwy 21 Junction, keep going 1 mile south (to 189th St), then 1¼ miles east. From Arlington, SD: North on US Hwy 81 until the junction of SD Hwy 28, keep going 3 miles north (until 189th St), then 1¼ miles east.

RED ANGUS ASSOCIATION OF AMERICA

Harold Bertz 816-661-2289

Supplement sheet with sale order, ultrasound data and scrotal measurements available sale day.

SEMEN TEST Every bull will pass a semen test before it leaves. Bulls will be tested AFTER the sale.

SEMEN INTEREST We will retain 1/3 semen interest in every bull in the sale. Buyer has 2/3 semen interest, full possession and salvage value.

DELIVERY Delivery on bulls will start around April 1, after they have passed a semen test. Heifers are buyers responsibility to be picked up.

VOLUME DISCOUNT We will give a 10% discount on the 10th bull purchased from Namken Red Angus over any period of time. This allows even the smallest buyers to receive volume discounts! For your convenience, Namken Red Angus will keep track of your number of purchases.

TERMS The terms of the sale are cash and the right of property shall not pass until after the settlement is made. All settlements must be made immediately following conclusion of the sale as no cattle will be released until settlement has been made.

CONDITIONS All cattle sell according to the suggested Terms and Conditions of the Red Angus Association of America.

PURCHASER'S RISK Each animal becomes purchaser's risk as soon as the auctioneer says sold.

ANNOUNCEMENTS Any announcements or changes stated from the auction block will take precedence over any printed material. We are human and do make mistakes however, we will correct them to the best of our ability.

LIABILITY Neither owners, sale managers, auctioneer, clerks nor anyone connected with this sale in any way assumes responsibility, legal or otherwise, for damages of any kind.

VIDEO Videos may be viewed at www.namkenredangus.com or www.dvauction.com

EPD's were printed 1/21/2020

View the Auction Live!

Bid Online... you're ringside right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.DVAuction.com under the "Register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction – a DV representative will notify you once you have been approved.
3. Tune in for the sale to may your purchases!

High Speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy-bidding – if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

This maybe one of the smoothest made SAV Resource grandsons in the sale. He has the highest ADG in the sale at 3.68. His dam, 15R, is 15 years old with a 103 MPPA and still going strong with a beautiful udder. At that age I decided she had been around long enough to flush this past year. Longevity in the cow herd keeps us in the cow business. Maternal brothers have sold to Maher, Tekrony, Parker, Rieck, Nelson and Eggleston

If you are needing some width of hip and pin set to a cow herd, here is a candidate. His moderate framed dam has a beautiful udder. He was Reserve Champion bull at the SD State Fair to the bull that went on to win Denver.

A capacious middled Prosperous son that certainly doesn't lack hip or pin width. A bull with good performance with ratios of 109WW, 107YW and 103 for ADG. His ten year old Namken Coppertop dam holds a 101 MPPA. She consistently brings in a good calf every year. Think of the daughters he will leave.

With Prosperous, Pay Dirt, and Make Mimi in the pedigree, a dam with a picture perfect udder, the daughters should make some great brood cows. Certainly a bull with respectable performance. A maternal sister sold in the 2018 ND Red Select Sale.

Innovator is one of those bulls who hits the ground running and never looks back at the rest of his contemporaries. A long spined bull with a good quarter, muscle expression in his stifle, good heart girth, big middled and a great disposition. He is a true performance bull with the highest actual weaning weight with a 120 ratio, highest yearling weight at 1281, 121 ratio, and ranked third for ADG at 3.58 and first at 3.54 for WDA. His Pay Dirt dam boasts a 107 MPPA with a level udder with great teat size and great teat placement. This is a great cow family and 19B was flushed this spring. We will use Innovator in our program through AI. Herd Bull Alert!

Here is a black red carrier Prosperous son does many things right. 104G possesses ratios of 106 WW, 113 YW and 122 ADG. Also posted the second highest yearling weight and a 3.61lbs per day ADG making him the second highest in the offering. A bull that has a great head shape, and an expansive rib to make brood cows. Don't miss his refreshing pedigree with a dam sired by SAV Resource.

A red SAV Resource 1441 grandson with an outcross pedigree to many bloodlines in the breed. He possesses ratios of 105 WW, 105 YW, 105 ADG. A long sided bull with shape to intake forage and be efficient. A Cutting Edge daughter with a 108 MPPA. A full sister is a coming two year old and blew the doors off everything with her performance as a calf. Pull the extended pedigree on this bull and see how the pedigree is stacked with capacious cow families. This is the goal, stacking productive outcross cow families that will build cows that don't need to be pampered. Performance, Maternal, Outcross!

A red Resource granddaughter out of a Resistol daughter. The flower cow family is one we started with and has stayed in the herd. Certainly not a mainstream pedigree in this day and age. How many SAV Resource progeny are selling this year? The work is already done as she came out red! Don't let this one slip by.

Commercial Heifer Consignments

Back by popular demand, we will again be offering a select group of **approximately 30 commercial replacement heifers**. These commercial Red Angus replacement heifers are consigned by Arlen Boehnke and Adam Hartley from Henry. Arlen and Adam have been great customers over the years and are always striving to better their cow herd. These home raised heifers have been palpated and considered breedable, bangs vaccinated, and poured. An average weight of these heifers will be available sale day. The winning bidder will have the opportunity to take one head or up to the entire pen. Here is a fancy set of Red Angus females that are hard to find. Be prepared for this opportunity!

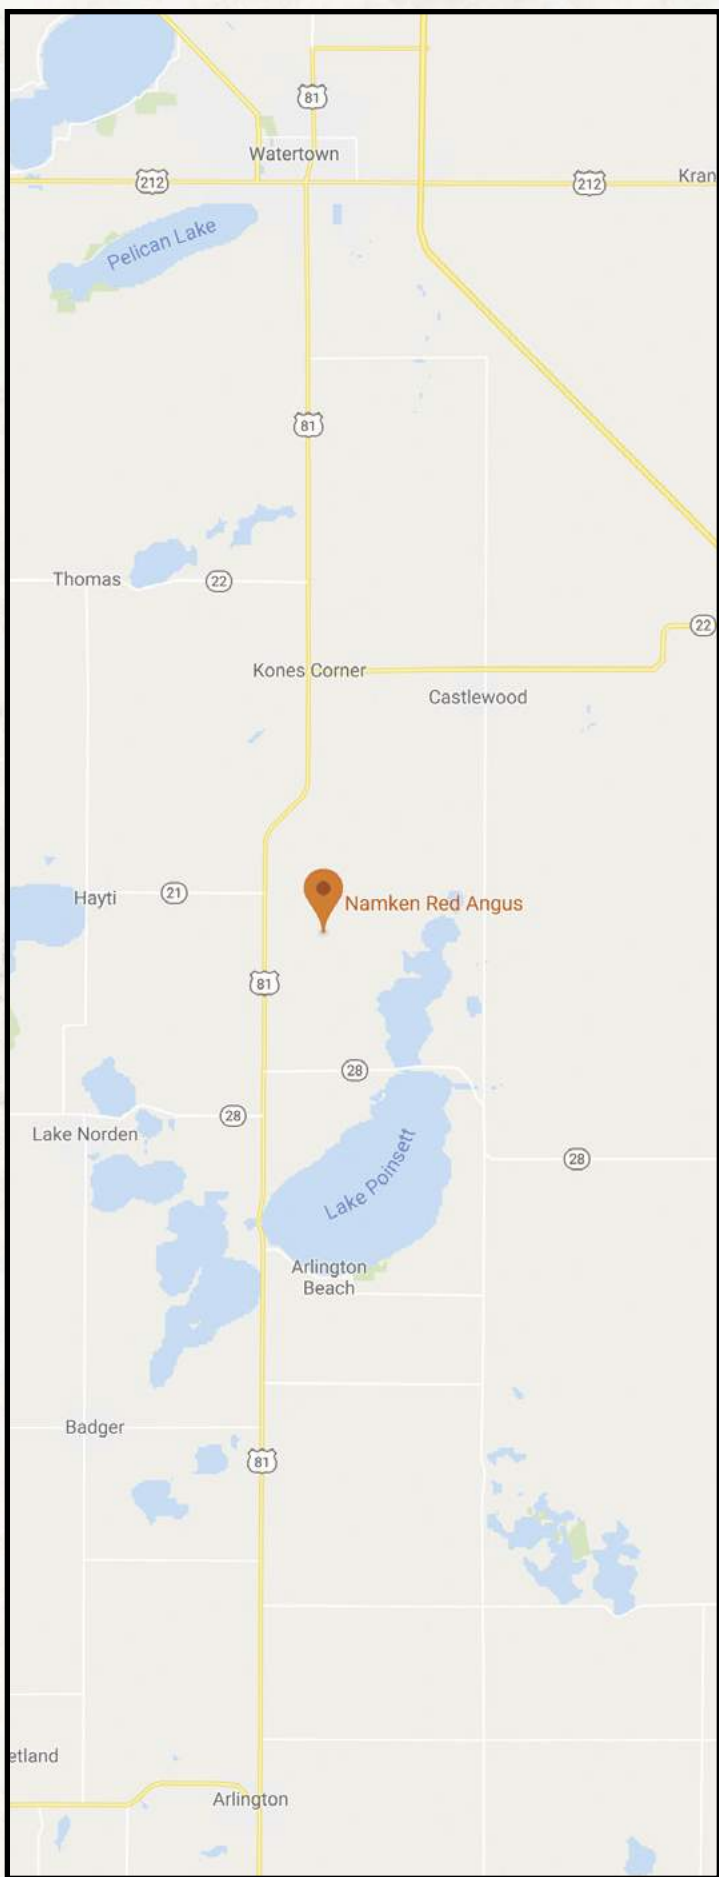

Boehnke Family

Hartley Family
